L. 53—NO. 273. JACKSONVILLE, ILLINOIS, THURSDAY MORNING, NOV. 13, 1919. TEN PAGES—THREE CENTS

VE AGAINST EDS" STARTED IN NORTHWEST

ndred Arrested; ons of Literature Seized.

OOPS PATROL CENTRALIA

ENTRALIA, Wash., Nov 12.—The Associated Press.)—s of Western Washington d Centralia today in arrest-members of the Industrial kers of the World and raiding r headquarters following the g on an Armistice Day parade yesterday. Four former rican soldiers are dead and a is reported dying as a result he shooting.

wenty two men and one wo-, were removed to the Lewis nty jail at Chehalis by nation-uardsmen who patrolled Cen-lia today. Raids were con-ted in Seattle, Tacoma and rdeen on the Industrial Work-headquarters. In Seattle ven men and tons of literature, ording to the police were taken police headquarters. The Ta-a police arrested thirty four ged members of the Industrial rkers an seized a quatity of ical literature.

rosecuting Attorney Herman en announced D. Lamb, 16 rs old, who was arrested here an Industrial Worker of the rld confessed to belonging to radical organization. The boy en declared, said he had heard father, James Lamb, who was o arrested, talking of a plot start trouble here yesterday. e father, according to Allen, nfessed last night, radicals had ur former service men arked for death because of eir actiivties in a fight waged by ntralia citizens to rid the city the I. W. W.

Dr. David Livingstone, who rved in the war as a captain, he of the four marked by the I. for death according to amb's alleged confession to the roner here. He announced the quest will be held tomorrow ver the bodies of four former rvice men.

The body of "Brick"Smith, re-orted to have been an I. W. W. secretary was found in the Che-alis river. The rope by which he as lynched last night was cut day and the body fell into the iver.

Centralia was quiet today and udge George Dysart said citizens ad promised to let the law take ts course.

Henry M. White, United States mmigration commissioner was eported enroute to Centralia to nvestigate the records of all lien I. W. W. and endeavor to eport them if they are not held n connection with the shooting.

"Brick" Smith, who was lynch-d was reported by officials to have a police record in Washing-ton.

Smith was arrested at Cedar Falls, July, 1917, when he and other alleged I. W. W defied a freight train crew at a time farmers complained of sabotage being practiced in the grain fields and fruit orchards.

Mayor C. B. Fitzgerald of Seat-tle today issued a statement warning all radicals to "leave Seattle off their future itiner-aries."

The stateemnt was made after two raids had been made by the Seattle police.

CHADSEY AGAIN HEADS CHICAGO SCHOOLS

CHICAGO, Nov. 12.—Charles E. Chadsey, resumed his position as superintendent of schools to-day after the appellate court had refused to issue an order at the request of representatives of the city law department barring him from office. Superintendent Chad-sey was removed from office sev-eral months ago after he had been elected for a four year term. Later he was ousted by a new school board named by Mayor Thompson and a long legal fight followed which resulted today in Superintendent Chadsey being re-turned to office.

NO TRACE OF MISSING BODIES FOUND

HARRISBURG, Ill., Nov. 12.—Bodies of none of the seven mem-bers of the hunting party from this district who were drowned when their launch was capsized in the Mississippi river below Memphis, Tenn., today had been recovered. Searching parties found the boat yesterday, but the cabin was gone.

Four members of the party who were rescued have returned to their homes here. The mayor of Harrisburg today offered a re-ward of $50 for each body recov-ered.

BANDIT KILLS DOCTOR

New Orleans, La., Nov 12.—Dr. Leopold Cordova, former consul here for Honduras, was shot and killed and his wife dan-gerously wounded late last night by a bandit who left them for dead in a ditch on the outskirts of the city.

DISCUSS METHODS FOR CONSERVATION OF NEWSPRINT

Increased Advertising Rates, Limitation of Sizes of Papers Recommended

NEW YORK, Nov. 12. — Material increases in advertising and subscription rates limitation of the size of newspapers and provisions in advertising con-tracts wrereby rates can be ad-justed monthly or quarterly, were among the recommendations made today by a special convention of the American Newspaper Pub-lishers' Association called to consider the news print shortage.

Committees' Report.

The report of the resolution's committee adopted unanimously follows:

"Paper manufacturers have told us there is a world wide shortage of paper. At the present rate of consumption the news-papers are using about 10 per cent more paper than is being pro-duced. This means an annual shortage on the present basis of approximately 200,000 tons. Your committee therefore, recom-mends:

"That the regulations of the war industries board for the con-servation of newsprint be strict-ly adhered to and that the full text of all these regulations be sent to all the daily and Sunday newspapers of the United States whether or not they are members of the A. N. P. A.

"That publishers everywhere be urged to materially increase ad-vertising and subscription rates and at the same time limit the size of their issues.

"That no newspaper enter into a yearly contract for advertising at a fixed rate, but make rates ad-justable monthly or quarterly.

"That the A. N. P. A. send out a standard form of adjustable con-tracts for advertising.

"That the paper committee strongly discourage the hoarding of print paper.

Recommendations Made.

"That the white paper com-mittee and the legislative committee of the A. N. P. A., urge the enactment of such legislation as will permit the development of waterpower so that our timber lands may be made ully available for the manufacture of wood pulp, lumber and paper, and we also recommend that congress be urged to take steps that will in-duce the Canadian government to repeal the order in council prohibiting the export of wood cut from crown lands.

"We recommend that the presi-dent appoint a committee on con-ciliation for the purpose of ad-justing differences between pub-lishers in competitive territories. That the members of this com-mittee be selected with the view to governing the entire country. That this committee formulate such plans and recommendations as will assist in adjusting existing differences so far as possible. It is further recommended that this committee keep the print paper committee of the A. N. P. A., in-formed as to its problems and ac-complishments, that the entire membership of the A. N. P. A., cooperate with this committee."

R. S. Kellogg, secretary of the newsprint service bureau, told the convention that the mills were unable to increase production as they were running at 100 per cent capacity.

PLANS UNDERWAY FOR ENFORCEMENT OF PROHIBITION

Roper Names Ohio Man National Prohibition Commissioner.

WASHINGTON, Nov. 12.—Special machinery for the enforcement of wartime and constitutional prohibition will be set up by the bureau of internal revenue Nov. 17, under the directions of John F. Kramer of Mansfield Ohio, whose appointment as na-tional prohibition commissioner announced today by Internal Revenue Commissioner Roper.

Besides supervising agents in each of the nine districts into which the country has been divided and a prohibition director in each state, Mr. Kramer will have a mobile force which will move about the country as necessity commands.

State and municipal officials will be expected to enforce the prohibition laws but where they fail to exercise due diligence fed-eral agents will act.

Officials said that should local officials fail to cooperate in the breaking of the illicit sale of liquor the government would not proceed against them but rather let the local electorate take care of the situation.

FINAL RETURNS FROM RECENT OHIO ELECTION

Columbus, O., Nov. 12.—The federal prohibition amendment was defeated by Ohio voters by a wet majority of 542, according to final official figures announced today by the secretary of state. The 2.75 per cent beer proposal was defeated by a dry majority of 29,667; the proposal to repeal state prohibition defeated by a dry majority of 41,849, and the Crabbe state prohibition enforce-ment act defeated by a wet ma-jority of 26,838. The classifica-tion tax amendment was defeated by 77,341 majority.

URGES SPEEDY NEGOTIATION OF NEW WAGE SCALE

Majority of Miners Unwilling to Work for Old Scale.

CONFERENCE STARTS FRIDAY

WASHINGTON, Nov. 12.—The apparent unwillingness of all union coal miners to return to work at the old pay scale caused government officials to put forth every effort today to bring about immediate negotiation of a new wage agreement.

Secretary Wilson without wait-ing for formal acceptance of his offer to mediate the differences began smoothing the way for the joint conference of miners and operators he has called to meet in Washington Friday.

Both sides notified the labor secretary that they would attend the conference. Spokesmen for the mine workers said that if the mine owners came in a spirit of conciliation a new agreement could be framed and ratified by Saturday night. Until an agree-ment is formally accepted by the miners scale committee, labor leaders said there was little hope of full resumption of coal produc-tion. The indicated continued suspension of mining activity in union fields today was not a sur-prise to government officials, nor accepted as an actual test of the attitude of the miners. Complete distribution of the order cancell-ing the strike might take some time, it was said. It was felt, however that a large number of men still might remain out until assured that some of the demands would be granted.

Sentiment Against Strike.

Labor leaders who have frank-ly admitted that public sentiment was strongly against the strike, took comfort today from what they described as a seeming change of sentiment as reflected in newspaper editorials. Mes-sages to labor headquarters stated that the feeling was grow-ing that the miners were entitled to higher wages.

Secretary Wilson was greatly encouraged at the readiness of the two sides to meet and make a determined effort to frame a wage schedule satisfactory to miners and operators alike. Mr. Wilson was quite hopeful of suc-cess and this feeling was shared by most officials.

Evidence that government offi-cials were confident that the miners soon would return to work was seen in the recommendation made today by Assistant Fuel Administrator Garnsey to Admin-istrator Garfield by telephone at his home in Massachusetts that all restrictions imposed during the strike be called off as soon as the daily production reaches 70 per cent of normal.

In an order tonight issued by Assistant Administrator Garnsey with the approval of Dr. Garfield, recently revived maximum prices were rescinded effective tomorrow as applied to coal shipments for which contracts were entered into prior to October 30.

Want Official Notification.

Charleston, W. Va., Nov. 12.—Striking mine workers thruout the coal fields of West Virginia today failed to obey the orders of union leaders to return to work, according to a statement issued here tonight by the West Virginia Coal Association.

Less than five per cent of the miners in the state reported for work it was said.

Reports to the mine operators here indicated that the men would not accept "telephone or mailed" instructions from the district headquarters of United Mine Workers, but demand "offi-cial notification" from the inter-national officers at Indianapolis.

At the headquarters of the United Mine Workers here it was said tonight that the "utmost pressure was being brought to bear on the men" and confideuce was expressed by district officials that all mines would be open by next Monday.

CHICAGO WITHOUT BUTTER AND EGGS

CHICAGO, Nov. 12.—No fresh butter or eggs are available in Chicago, according to a statement today by Myron E. Adams, assist-ant to Major A. A. Sprague, chairman of the federal "fair price" committee, which accom-panied promulgation of the sec-ond weekly "fair price" list. The list itself showed no changes in the margin of profits permitted dealers and slight variation in value from last week's list.

COAL SITUATION AT QUINCY GRAVE

Quincy, Ill., Nov. 12.—At a meeting attended by all the local coal dealers this afternoon it was discovered that there is less than a day's supply of coal in Quincy. The cold wave which struck here during the night has made the demand for coal acute, and the railroad administration has been appealed to release the coal held in the railroad yards here, of which there are about 60 cars.

PRINCE OF WALES SPENDS BUSY DAY IN WASHINGTON

Meets Members of Congress and Families in Formal Reception.

WASHINGTON, Nov. 12.—Albert Edward, Prince of Wales, the guest of the American nation, came into personal touch with government by the people tonight at the most formal event of his stay here, a reception to which all members of congress and their families had been invited to meet him. Members of the cabinet and the diplomatic corps also attend-ed.

The halls of the congressional library were the scene of the gathering and the setting served to add to the sig-nificance of the prince's visit de-signed to make fully apparent the friendly relationship today exist-ing between the two Anglo-Saxon peoples. The prince went to the reception from the home of Sec-retary Lansing, where with Mrs. Lansing, the secretary had enter-tained him at dinner. He paid homage to American soldiers wounded in France earlier in the day when he inspected Walter Reed Military Hospital and in a brief address hailed these men as "my comrades in arms."

The prince also was enrolled formally as a member of the Red Cross during his visit to Red Cross headquarters. The badge of membership was pinned among the war decorations on his breast by Mrs, Farrand, wife of Dr. Livingston Farrand, chairman of the Red Cross central committee.

"May I in return present you with a dollar which, I think, is the proper thing," the prince said as he received the badge. The dollar and his autograph were placed beside those of King Al-bert and Queen Elizabeth of Bel-gium in the society's museum.

The only other formal event of the prince's day was his in-spection of the Lincoln Memorial nearing completion beside the Po-tomac; but he added to his pro-gram in the afternoon, a call at the home of Mrs. George Dewey, widow of Admiral Dewey, the he-ro of Manila Bay.

The prince plans to visit to-morrow with President Wilson, renewing the acquaintance he be-gan during Mr. Wilson's trip to Europe as head of the American peace mission.

The prince's call will be in-formal in character and made when he goes to take tea with Mrs. Wilson.

Tomorrow, the final day of his Washington visit, the prince will confer decorations on eighty of-ficers and enlisted men of the American army and navy and sev-eral nurses.

AGRICULTURISTS IN NEW ORGANIZATION

CHICAGO, Nov. 12.—A new organization of agriculturists en-tered the economic field of the United States today with the pre-liminary organization of the Am-erican Farm Bureau Federation. That is the name expected to be officially chosen tomorrow. Its purpose, it was stated, was "to protect the business interests of the whole nation."

About 500 delegates from armers' bureaus and associations in 32 states attended the sessions which will be resumed tomorrow.

Speakers recommended an in-dependent organization free of any alliance with labor, capital or any other organized body. Radi-calism must be stamped out, Harvey S. Conce, of Sidell, Ill., president of the Illinois Agricul-tural association declared, full support given the government in reconstruction problems and the farmers must be prepared to sell their labor as other bodies of men in industry and labor sell their services.

O. E. Bradfute of Xenia, Ohio, temporary chairman said it was to the interests of the farmers to "see that representatives of or-ganized agriculture shall not make any entangling alliances with any group or class.

HOPE TO OPEN COAL MINES SOON

CHICAGO, Nov. 12.—A can-vass of twenty coal operators in Indiana and Illinois indicated an early resumption of work by the striking soft coal miners, Dr. F. Honnold, secretary of the Illinois Coal Operators 'association, an-nounced today. He said he be-lieved the mines would be operat-ing at a fair rate by the first of the week. Few, if any, mines had resumed operation today.

A large number of miners had signified their willingness to re-turn to work, the operators told Mr. Honnold and it was expected most of them would do so Mon-day.

Some operators said they ex-pected a large number of the men to return Friday or Saturday.

PRICE OF BOWLING IN CHICAGO INCREASED

Chicago, Nov. 12.—Proprietors of Chicago bowling alleys today increased their price five cents and a man now may roll the balls for 20 cents a game or two for 35 cents. The nickel was added because of "increased overhead" the bowling alley owners said.

"UNCLE JOE" CANNON A GREAT GRANDFATHER

Washington, Nov. 12.—Former Speaker Cannon of Illinois, be-came a great grandfather today. The announcement made in the house by Representative Madden, was greeted with applause from the members.

SENATE TAKES STEPS TO PREVENT LONG DEBATES ON PACT

Fear Filibuster Against Ratification by Senators Opposed.

WASHINGTON, Nov. 12—Sum-mary action to choke down debate on the peace treaty was decided on by the treaty's friends in the senate today to meet develop-ments regarded by many senators as the beginning of a filibuster against ratification.

Two petitions to invoke the sen-ate's cloture rule which never heretofore has been used were pre-pared for submission tomorrow should it become apparent that di-latory tactics have been adopted by the group irreconcilably op-posed to the treaty.

The first proposal was drawn by the Democrats and the other was being formulated tonight by the mild reservation group of Repub-licans. Under the rule which could be made effective beginning Saturday by a two-thirds vote, no senator could speak more than one hour in all until a vote on rat-ification had been reached. No specific time could be set under the provision for such a vote but the leaders predicted that it would force final action, if resorted to early next week.

To further hasten the treaty, it was tentatively agreed to hold night sessions of the senate begin-ning tomorrow night and continu-ing until there has been a ratifi-cation vote. The movement for cloture was started after Senator Reed, Democrat, Missouri, had launched into another long speech attacking the treaty, and Sena-tors LaFollette ,Wisconsin, and France, Maryland, Republicans, had indicated they were ready to continue the fight as soon as the Missouri senator concluded.

Senator Reed occupied all of today's three hour session and in-timated at adjournment that he would continue for several hours tomorrow.

Altho professing to be anxious for the debate to end and predict-ing that the necessary two-thirds could be mustered for cloture, Re-publican Leader Lodge said he de-sired to take no part in the move-ment.

APPEAL OF MINERS ON COURT RULING WILL BE WITHDRAWN

Await Outcome of Conference with Secretary of Labor Wilson.

INDIANAPOLIS, Ind., Nov. 12. —The United Mine Workers of America have decided to withdraw their appeal on the ruling of the federal court injunction proceed-ings which resulted in the calling off of the strike of coal miners yes-terday. It had been generally be-lieved that regardless of develop-ments the miners would fight their case in the courts to the last ditch. Attorneys for coal workers an-nounced yesterday that their ap-peal would be filed within two or three days. However, Henry War-rum, chief counsel for the mine workers organization tonight stat-ed that the outcome of the con-ference with Secretary of Labor Wilson in Washington Friday, would determine whether the case is carried further. The miners counsel have thirty days in which to file their appeal.

The decision of the miners is taken to indicate that they have accepted the government's assur-ance that the suit against the miners was not an attack against the right to strike but was solely to prevent violation of the law in this case the Lever act.

Possibility of speedy agreement at the Washington conference, ac-cording to opinion here is marred only by the question of when a new wage scale would become ef-fective.

Many of the delegates to Fri-day's meeting who were in attend-ance at the conference here this week, left tonight for Washing-ton. William Green, secretary-treasurer of the mine workers, will leave early tomorrow morn-ing and acting President John L. Lewis will start for the conference tomorrow afternoon. Very few of the miners in the Indiana coal fields reported for work today. It is not believed that operation in the fields can be started exten-sively before next week.

BUSINESS RELATIONS ARE RESUMED

SPRINGFIELD, Mass., Nov. 12. —Business relations between the minor and major baseball leagues which were strained a year ago with the abrogation of the nation-al agreement, will be resumed as result of action taken today by the National Association of Pro-fessional Baseball Leagues in its annual meeting. According to Secretary John H. Farell's report the minors have decided it is best to work in harmony with the major leagues. He made no an-nouncement, however, as to the methods to be followed in bring-ing the subject before the Ameri-can and National League repre-sentattives. Among other things the new agreement would mean the re-establishments of the drafts and optional agreements.

LYNCH OUTPOINTS HERMAN

Philadelphia, Nov. 12.—Joe Lynch of New York, outpointed Pete Herman, the bantamweight champion, in six rounds here to-night.

D'OLIER ELECTED COMMANDER OF AMERICAN LEGION

Philadelphia Man Is Chosen on First Ballot.

CLEVELAND GETS NEXT MEETING

ADD D'OLIER ELECTED . . .

MINNEAPOLIS, Minn., Nov. 12.—The first annual convention of the American Legion came to a close at 9:30 o'clock tonight. It was decided to open the 1920 convention at Cleveland, Ohio, on September 27. The convention probably will last three days.

Minneapolis, Minn., Nov. 12.—Frankun D'Olier was tonight elected first national commander of the American Legion at its first national convention. The vote was D'Olier, 366; McNider, 249; Jones, 18; O'Neill, 18.

On motion of Mr. McNider, the election of Mr. D'Olier was made unanimous.

The convention also voted to have congress consider the ad-visability of approving further bonuses for service men.

D'Olier was the first candidate to be nominated. He was named by the Arkansas delegation. Cal-ifornia passed its nominating right to New York and Stuyvesant Fish placed the name of Hanford McNider of Mason City, Iowa, before the convention. The Virginia delegation nominated Leslie Jones of Washington, D. C., and Kentucky named as its choice, Emmett O'Neill, of Louis-ville. Jack Sullivan of Seattle, who was nominated by the North Dakota delegates, withdrew from the race, so did Chairman Henry D. Lindsley of Dallas, nominated by the Texas delegation.

The title of past national com-mander was conferred upon Mr. Lindsley. He had been acting head of the Legion since the St. Louis meeting.

Rev. Francis N. Kelly of New York was elected national chap-lain.

Election of the national com-mander followed a turbulent aft-ernoon when a mass of resolu-tions and reports including the soldier bonus issue, were consid-ered. The convention for a time seemed sharply split on the pro-posal to indorse a specific bonus plan and finally voted to place the matter in the hands of the national senate and house of rep-resentatives. Many delegates seemed anxious to close the con-vention after the elections and in D'Olier in accepting the post of commander said:

"We came here to work and let us get to work—not listen to speeches."

A variety of subjects including the Centralia tragedy, industrial unrest and the National Non-Par-tisan League were touched upon this afternoon. Delegates from northwest states drew up a res-olution assailing the activities of President A. C. Townley of the Non-Partisan League, but it was tabled by a vote of the conven-tion.

Commander D'Olier issued the following statement shortly after his election:

"The American Legion has an enormous amount of constructive work before it in the coming year

(Continued on Page Four.)

ILLINOIS MINES REMAIN CLOSED

SPRINGFIELD, Ill., Nov. 12.—Reports received here from Illi-nois soft coal mines indicated that every mine in the state remained closed today.

While miners' officials held to the position that the order of the big chiefs rescinding the strike call would not result immediately in the return of mine workers to their jobs, they admitted time enough had not elapsed to permit the official communication to reach the mining camps.

Operators, on the other hand tonight were trying to be hope-ful that tomorrow morning would see a part of the 90,000 miners in Illinois back at their tasks.

The attitude of Illinois Mine Workers was said to be summed up in expression of a coal digger who declared:

"If they wait for me to go back to work, they will tarry around until coal is sold in drug stores for forty dollars an ounce."

Conservatives among the miners, however, said if the Washington wage conference called for Friday could agree on a new scale without delay the strike situation would clear up immediately. Frank Farrington, chairman of the miners' scale committee and president of the Illinois district who gave voice to the belief this morning that the Illinois miners would not take seriously the strike rescinding order of Acting President Lewis, who left today for Washington, D. C. He was accompanied by Vice President Harry Fishwick and Secretary-Treasurer Walter Nesbit of the Illinois State Miners' organization who are members of the miners' scale committee.

R. R. REORGANIZATION BILL IS SHARPLY DEBATED IN HOUSE

Opposition to Proposal for Refunding U. S. $775,551,000 Owed by Carriers.

WASHINGTON, Nov. 12. — Sharp opposition developed today in the house to the proposal em-bodied in the railroad re-organi-zation bill for the refunding to the government of $775,551,000 owed by the carriers. Attack on the plan, led by Representative Denison, Republican, Illinois and supported by a letter from Di-rector-General Hines of the rail-road administration resulted in final decision being deferred.

Opponents of the refunding plan declared it would compel congress to appropriate $363,-355,000 by the end of this year to square the accounts of the rail-road administration and Mr. Denison proposed a substitute which he said would decrease the amount needed to $171,020,000.

Under the Denison plan it is roposed that $415,000,000 owed by the government to the carriers as standard return be set off against the debts due to the gov-ernment by the roads. The pend-ing Esch bill calls for only a par-tial immeiate setoff.

Preponents of the committee plan urged that proposal as a square deal to the railroads which were charged with debts contracted without their consent during the period of government operation. Director General Hines in his letter addressed to Chairman Esch described the bill's plan as an unduly libera policy. He asserted that the plan would provide working capital, not needed by strong roads, while those most in need of financial aid would not receive it. The car-riers he also asserted would not be encouraged to finance their needs from private sources. The director general added that con-gress should definitely fix the in-terest rate to be charged against the refunded indebtedness and suggested a six per cent rate. The house approved several sections of the bill including that directing surrender of the lines by the gov-ernment at the end of the month in which the bill is passed, and that placing the operation of boat and barge lines established by the railroad administration on the Mississippi and Black Warrior rivers under war department en-gineers.

By a vote of 66 to 22 it also re-jected the proposal of Represen-tative Madden, Republican, Illi-nois, to repeal the president's au-thority to take over the railroads in time of war.

LIQUOR DEALERS WIN ANOTHER ROUND IN FEDERAL COURT

Judge Evans Declares War Time Prohibition Unconstitutional.

LOUISVILLE, Ky., Nov. 12.—Attorneys for distilling interests apparently won another round in the fight on war time prohibition in federal court here today. Judge Evans in the course of arguments in a case brought by Louisville distillers announced from the bench his belief that the law is unconstitutional and at the con-clusion of the pleas of attorneys said he would issue an injunction tomorrow restraining government interference with the sale of the distillers' tax paid whiskey. Whether the injunction would be temporary or permanent the court said, rested with Attorney General Palmer whose office was given until tomorrow to ad-vise with the district attorney at Louisville.

If a temporary writ is issued rules of procedure would permi various delays in its operation pending arguments on a motion to make it permanent. If perman-ent only a writ of supersedeas it was said, could prevent the Louisville distillers arranging for immediate disposition of their tax paid whiskey. This feature ap-parently was the only point at issue with Judge Evans who call-ed upon the government to make a showing for it if they desired to do so.

DEBATE ADMISSION OF FINNISH DELEGATES

WASHINGTON, Nov. 12.—Del-egates to the international labor conference today debated the question of admitting representa-tives of Finland without reaching a decision.

Participation of Finland was recommended by a majority re-port of a special commission pre-sented by Gino Baldesi, Italian labor delegate and supported by French and Belgian delegates Newton W. Rowell, Canadian government delegate, filed a min-ority report.

The unanimous recommenda-tion of the commission that the conference was not competent to take action in the case of Luxem-burg, San Domingo and Mexico as the governments of those coun-tries have not made formal appli-cation for admission, was ap-proved by the conference.

Government delegates from Norway, Sweden and Denmark supported the request of Finland

$300,000 FIRE IN DELAWARE

Wilmington, Del., Nov. 12.—Fire today destroyed the Kresge 5 and 10 cent store causing a loss estimated at $300,000. Adjoin-ing stores suffered heavy losses.

SENATOR MARTIN SUCCUMBS AFTER LONG ILLNESS

National Figure in Senate for 24 Years.

CONFINED TO BED SINCE JULY

CHARLOTTESVILLE, Virginia, Nov. 12.—Senator Thomas S. Martin, the democratic leader in the senate, died here today after an illness of several months. He was 72 years old.

Senator Martin had been con-fined to his bed since last July when he was forced to give up active work in the senate after a continuous service of 24 years. While his condition had been critical for more than two weeks the end came rather unexpectedly at 1:30 p. m. today.

Thomas Staples Martin, United States senator from Virginia, un-til his election in 1894 had been a railroad attorney from a small town, who had never before sought a public office. When it was found that the state legis-lature had chosen him in prefer-ence to one of Virginia's most popular and able citizens, the late Major General Fitzhugh Lee, there was a storm of protest among the Democrats of the "Old Dominion."

Martin braved the opposition, however, and on March 4, 1895 took his seat. His ability was soon discovered and from the date of his advent into national politics he served continuously in the senate, rising to the floor leadership of his party and chair-manship of the important appro-priations committee. He served in that capacity during the war congress, where he was regarded as one of the leading figures in the senate.

Senator Martin's father, John Samuel Martin, and his mother, Martha Ann Staples, were de-scendants of the early settlers in the Colony of Virginia. His fa-ther was a merchant and manufac-turer of Scottsville, Albermarle county, Va., where on July 29, 1847, young Martin was born. When he was six years old his parents removed to the country and thereafter he made his home in Albermarle county.

After a primary education in the Scottsville school, Martin en-tered the Virginia Military Insti-tute in March, 1864. When the cadet battalion of the Institute was mustered into the Confeder-ate Army for the battle of New Market, Cadet Martin was ill in a hospital and missed the encount-er, but upon his recovery he re-joined his battalion and served until the end of the war.

In October, 1865, he entered the academic school of the Uni-versity of Virginia, but after two years he was forced to leave col-lege by the death of his father and assume the responsibilities of a large family. He entered the mercantile business at Scottsville and began the study of law, read-ing at home. In 1869 he was ad-mitted to the bar.

His interest in politics was aroused by his association with John S. Barbour, chairman of the state general committee of the Democratic party, who made him a member of the committee. At that time the Democratic party was threatened with disruption over the question of the state debt to the Federal government, and a "Readjuster Faction," headed by General Mahone and including negroes, sprang up. Senator Martin came into the political limelight of the state by meeting the challenge of the new organi-zation, and under his leadership it was overthrown and the Demo-cratic party predominated.

In 1893 he was persuaded by his associates to enter the sen-atorial race and, after a bitter fight, was elected by the Assembly over General Lee. For re-elec-tion in 1901 Senator Martin de-feated Governor T. Hoge Taylor, another strong opponent. In 1904 the Democratic organization adopted the "primary plan" for election of governor and senat-ors. This developed an eloquent and popular opponent in Governor A. J. Montague and even Senat-or Martin's friends were doubtful of the outcome as his ability as a debater and public speaker were

DOWN STATE SENTIMENT

The difference between Chicago and down state was well shown by the vote on the public policy questions submitted at the recent election. While the total vote cast was in favor of initiative and referendum and the other proposals, the returns with not all the figures in, record 72 out of 101 down state counties as strongly opposed at least to the initiative and referendum. These down state people were justly afraid that this measure might give too great a power to the few.

WHO PAYS THE BILL?

Even if the public were not concerned, the U. S. Government has ample reason for an interest in the coal situation. More than 40 per cent of all the coal mined is used by the railroads. If production is curtailed or prices increased, the government so long as it operates railroads will feel the burden and then pass it on to the public. After the roads go back to private control the burdens of higher costs will be felt by the owners and by them passed on the public. In either event the people pay.

KEEPING RECORD

Morgan county now has more than 4,000 newly enrolled Red Cross members and still other names will come with delayed reports. It is worth while remembering that State Chairman Crabtree has said that the record of Morgan county in the membership drive is equal to that of any other county in the state, population considered. During the war time this county met every obligation willingly and was up in the front rank in patriotic endeavor.

It is fine, indeed, that the war time standard is being maintained.

GETTING RID OF RADICALS

The slogan "Deport all the reds" is finding more and more advocates. This would mean a considerable exodus from the U. S. and be a little hard on Europe. But certainly the radicals have no home or place here. If we are interested in the world solution of this problem of the radicals, deporting them would be very much after the manner in which cities used to take care of their charity or pauper cases. The old plan was for the proper officer to take the unfortunates to the railway station and furnish them transportation to some other city safely beyond the confines of the county.

NEW YORK AND THE MILK BUSINESS

Authorities in New York City are planning to go into the milk business in the effort to secure improved service and lower prices to the consumer. The idea is not to start business in opposition to the dairymen, but to become the purchasers for the milk supply and supervise its distribution. The experiment should be watched with interest by Chicagoans who unceasingly complain because the drivers of milk wagons in that city have earnings and commissions which amount to from $50 to $80 weekly.

THE FAIR MINDED PUBLIC

While public sentiment was so strongly against the ordering of the mine strike, it cannot be said that the people are against the miners or believe that no changes should be made in working conditions. In fact, now that the officers of the union have declared their Americanism and willingness to obey the mandates of their government, the position of the miners so far as the public is concerned has been considerably strengthened. After all, most people are fair when they see a reasonable spirit exhibited by others.

STRIKE LOSSES

Talking about the mine strike reminds one that the injunction order tied up the $17,000,000 fund of the miners' organization and no doubt the ruling had something to do with bringing about a tractable spirit on the part of the officers. While $17,000,000 is a huge sum, yet a statistician familiar with mines and mining operations has figured out that since the strike began, the miners have in a comparatively short time lost considerably more than $17,000,000 in wages. In every strike those who take this action and the public usually divide the costs.

THE OLD PROBLEM

Some interesting statistics have been compiled to show that there are too many costs between producers and consumers. From various food products the farmer receives less than 35 per cent of the amount paid by the consumer. Undoubtedly if some practical way could be found to bring production and consumption into closer relationships much of the high cost of living complaint would be removed. It is easy to speculate about how this should come to pass, but accomplishing it is entirely another matter.

PAGE TWO—GALLEY TWO ..

LEAVING THE ARMY FOR BETTER PAY

Resignations have come so rapidly in the army since the signing of the armistice that 2,000 trained men have quit their posts. It is no wonder that those in authority are declaring that something must be done to stem the tide or the department will be embarrassed because of a lack of trained men. The high cost of living is said to be the principal factor and as captains and colonels find that they are drawing less pay than train men and mechanics they are leaving the army and turning to other lines of activity.

THE MULTIPLYING DRIVES

A lot of people have commented on an article which appeared in the Journal recently, "Why the check failed to come," in which the writer facetiously summed up the way in which people are "held up, held down, sandbagged, flattened out and squeezed" with the great variety of "drives" for good and beneficent purposes. The article seems to have struck a responsive chord. There is no response on the part of the people to be niggardly or selfish, but there is a growing feeling that the time is not very far distant when there must come a let up in the demands on their generosity.

The time isn't here just yet, but is due later on, when normal living conditions are restored. It is said that in Adams county at this very time there are 12 distinct drives in progress. A number of these are inherited from previous week since they were not successfully completed.

Rippling Rhymes
By Walt Mason

Unhappy.

I will from this land depart, with my gun and carpet bag, when its customs break my heart, when they make my spirit sag; when our government's a bore that has made me raw and sore, I will seek some other shore, where I'll stand and chew the rag. When I know some other land that has got this country skinned, be it on the Asian strand, or some island of the Ind, I will take the quickest boat, with my corkscrew and my goat, for that paradise remote, and this country may be tinned. But while I am dwelling here, hanging out my minstrel sign, it seems pretty plain and clear that I have no right to whine; if I'm sore on Uncle Sam, and would give his flag a slam, I should move to Rotterdam, for a rotter's soul is mine. If the time should ever come when this country seems a frost, all its bulwarks on the bum, and its laws not worth the cost, I will sail away, away to old Russia or Cathay, where I'll spend my little day by some tinhorn tyrants bossed. But while on this shore I roost I will bless its hallowed loam, its palladiums I'll boost till the spangled cows come home; I will hand out sturdy blows to its critics and its foes, and when I run out of prose, I'll embalm it in a pome.

PUBLIC SALE

C. A. Reeve will hold a clean up sale at his residence six miles west of Jacksonville, and one mile north of Markham, on Thursday, Nov. 13th, commencing at 11 o'clock, consisting of horses, cattle, hogs, and farm implements.

LEAVING FOR DENVER

Mr. and Mrs. W. D. Cody will leave today for Denver, Colo. They expect to remain in the west until spring and then return to Jacksonville. Mr. Cody said yesterday that he was quite sure that he would not go into business in the west, that he had lived in Jacksonville too long to think of making any other city his home.

OLD JACKSONVILLE

1818

By Ensley Moore
(Member Illinois State Historical Society)

The year Eighteen Hundred and Eighteen was a great one in this history of Illinois, and of Morgan—then to be.

In these days of the wisdom furnished by books and newspapers, and of all the accompanying means of education there is little reason for anybody to be crude or uninformed, uneducated in its broader sense. It is not necessary to be a college or school man to be educated, altho it generally is so thot. Given: more or less ability, and experience, travel, and mixing with people will educate a person. Even to some extent technicality may be acquired; according to the characteristics of the individual.

Of late years, many people who have been in Europe imagine they are the only ones possessed of much knowledge or manners; fit for polite society. These wise people might have thought our early settlers crude and un-educated. But were they.

As to Illinois.

Eighteen eighteen saw—in December—Illinois a Free state debutante in the Federal Union. After the formation of the National Government, in 1787, it is a question whether a greater event had occurred in the history of the Republic than the admission of its youngest child. One destined to do the mother service, honor, help almost beyond statement or belief. But that is too great a story for this paper; and was not intended to be.

The County of Illinois.

The mightiest legal division of earth ever set up in modern times, to the knowledge of this writer, was the "County of Illinois", which Virginia—"The Old Dominion"—gave to the government—created by Washington, Hamilton, Jefferson and their compeers.

St. Clair County.

Another great and wonderful county was the almost boundless one known as St. Clair, the first in Illinois. With the progress of events and times, the advance of the world in general, and North America in particular, it came about that Illinois became a state, and it is interesting and valuable to note some of the conditions in that day—so much greater than any could imagine or foresee then.

In "Illinois in 1818, by Solon Justus Buck", the first of ten volumes on the history of this state issued by the Illinois Centennial Commission" is a map of Illinois in 1818.

This is worthy of putting before the public, and of referring to, as showing something of the beginning of our great common wealth.

In this, BOND is given in capitals as a county in 1818, and then follows, "Modern Counties", "Modern county times", and other delineations of that and later times.

Among these lesser civil divisions were given the names of St. Clair, Monroe, Randolph, Bond, Madison, Crawford, Edwards, White, Jackson, Franklin, Gallatin, Union and Johnson. The farsighted patriots of that day put up on the Congress of the United States the anecdote—to state it mildly—that these subdivisions had a population of about 53,000 inhabitants. Some people have said that they included as dwellers here "pilgrims of the night" en-route to Missouri, to come after us as a state in 1820; when the "Missouri Compromise" was enacted, and subsequently broken—because "nothing is settled until it is settled right." It is to be noted than none of these settled counties were north of about the south line of Scott, Morgan and Sangamon counties.

Central Illinois was then marked Kickapoo, and further north came to names of Sauk and Fox, Winnebago, Pottawatomi, Ottawa, and Chippewa—south of Cook now, Pottawatomi.

And Morgan

Co-incident with times when the territory was seeking, and obtaining statehood, in the last month or two of 1818, what was to become Morgan county was "put on the map" by the Kellogs, brothers, from New York state. It is an old story to those familiar with our past. But these sturdy men, with their families took a flat boat at "Olean Point", on the Allegheny river, floated in their worthy vessel—to be remembered along with some other ships we have heard of—down past Pittsburgh and Cincinnati, to Shawneetown, where they landed themselves and belongings, and came across country, by way of Edwardsville, now in Madison (the county in which Alton is) to a point at the "head of Mauvaisterre" — about seven miles northeast, slightly, of where Jacksonville now is.

And there you have the beginnings of the State of Illinois, and of the County of Morgan! Great work for one year!

COMMUNICATION.

Editor Journal:

I know that your paper does not run a "How Time Flies" column with references to events from ten to fifty years ago. But I sometimes wonder how so many mistakes appear in a column of this kind. It not infrequently happens that events are referred to as of a given date when the happenings were in much later years. If these misstatements are made intentionally I cannot see "the joke," and if they are merely mistakes certainly greater care should be used.

Reader.

"The Knickerbocker Buckaroo"
An Artcraft Picture

Know what a buckaroo is? Well, look in the dictionary and you won't find this:
Buckaroo (buck-a-roo). From the Artcraft noun buck and the last two syllables of jumping-kangaroo.
A lively young buck; a gay dog; one who doesn't give a dern. A rip-snortin', ding-bustin', devil-may care crittur from away back, headed for the Lord-knows-where.
Slang—a regular guy. Synonym—Douglas Fairbanks.
It's Not in the Dictionary
Noah Webster doesn't say what a buckaroo is, but he's got a lot of words that describe "The Knickerbocker Buckaroo." Magnificent, thrilling, funny, great, laugh-provoking, exciting, inspiring—they all fit this buckaroo from New York who goes west to find action.
This is the most pretentious Douglas Fairbanks picture ever produced.
Six Thousand, Seven Hundred Feet of Thrills and Laughter.
It took six solid months to make "The Knickerbocker Buckaroo," the biggest and best Douglas Fairbanks picture ever produced.
Six months, many thousand feet of film, hundreds of actors, magnificent sets, the lease of a complete railroad system, engines, cowboys, Mexicans, New York clubmen, pretty girls, villians and—
The longest, the most pretentious, the funniest ,the most exciting Fairbanks picture ever attempted. Every foot of film is packed with punch and laughter. It'll make you gasp and laugh and applaud and yell for more when the 6,700 feet is run. And you'll talk about it for weeks!
It means the best evening's enjoyment you ever had.

STOCK HOGS

Having resigned from the U. S. Bureau of Animal Industry, Hog Cholera Control Division and formerly located at Springfield, Ill., I have taken charge of the Vaccination and Sanitation of Stocker and Feeder Hogs bought in the St. Louis National Stock Yards. We are endeavoring to put the Stock Hog Business on as high a plane as possible. All Stock Hogs going out of the National Stock Yards must undergo a most rigid inspection made by the Federal Government, no matter whether they be consigned to points in Illinois or other States. Vaccination and Sanitation is done in the most modern methods. For further information, Address: Dr. M. J. Huggins, Veterinarian in Charge, National Stock Yards, Ill.

The New "Overland Four"

Tested 250,000 Miles. Three Point Cantilever Springs. Greatest Improvement Since Pneumatic Tires.

Overland 4 has been put through the most thorough and severe test possible.

250,000 miles of mountain trails, desert sand, heat, cold, mud and dust, demonstrated the quality of every part of the car long before we began manufacturing.

This remarkable test showed conclusively that Three-Point Cantilever Springs, exclusive with Overland, are the greatest improvement in riding comfort since the introduction of pneumatic tires.

They protect the car from road shocks and prolong the life of every part.

They enable the wheels to hold better to the road. They give greater comfort under all road conditions.

They do away almost entirely with side sway and rebound which twist and rack the car.

Diagonal attachment of the Three-Point Springs at both ends of a 130-inch Springbase gives the steadiness and smooth riding of the heavy car of long wheelbase.

Equipment is complete from Auto-Lite Starting and Lighting System to Marshall Divan Spring Upholstery.

Come in and see this car. Ask for Booklet. Overland 4 Touring, $845; Roadster, $845; Coupe, $1325; Sedan, $1375; prices f. o. b. Toledo.

CHICAGO FEDERAL JUDGES HEAR ATTACKS ON DRY MEASURES

Take Cases Under Advisement Until Saturday.

CHICAGO, Nov. 12.—Federal Judges Carpenter and Fitz Henry announced tonight at the conclusion of arguments in the double attack by Chicago and Peoria liquor firms on the war time prohibition and enforcement acts, that they would take the case under advisement until Saturday.

An injunction is asked in both districts to restrain federal officials from interfering with the sale of whiskey. A favorable decision without a stay, preventing sale of liquor until an appeal by the government could be decided would mean immediate resumption of whiskey sales in both districts.

The two suits were combined for convenience and Judge Louis Fitz Henry of Bloomington sat with Judge Carpenter. Attorney Levy Mayer of Chicago, Counsel for Woolner and Company of Peoria, and Hannah and Hogg of Chicago, conducted the attack on prohibition, while Assistant District Attorneys Frederick Dickinson of Chicago and Clark B. Montgomery opposed the suit.

Mayer's Argument.

Attorney Mayer based his argument on the following points:

That war time prohibition and the enforcement act violate the tenth amendment to the constitution by usurping the police power of the states.

That the enforcement act violates the fifth amendment by depriving citizens of property without due process of law or just compensation.

That both acts are void because they were passed to meet an emergency that had passed, the war being over and President Wilson having vetoed the enforcement act, it was contended, had declared the army demobilized.

"The constitution was not suspended during the war," said Attorney Mayer. "The powers of the United States to prohibit the sale of intoxicating liquors lies with congress during the period of the war. But the war is over. Congress now has no right to interfere with the police powers of the states."

Counsel proceeded to say that ten days after the president advised congress of the cessation of hostilities congress tacked on to the agricultural bill the wartime prohibition measure prohibiting the sale for beverage purposes of any distilled spirits from June 30, 1919 until the president proclaimed demobilization ended, "for the purpose of conserving the manpower of the nation and the increasing of efficiency in the production of arms, meats, ships, food and clothing for army and navy."

"This is a palable falsehood," declared Mr. Mayer, and is indulged in for the purpose of giving the color of legality in the exercise of the war power."

Refers to Wilson's Veto.

After reading a telegram informing him that Judge Brown had temporarily enjoined enforcement of prohibition, Mr. Mayer said:

"In his veto the president repeatedly mentioned the fact that the army had received orders to demobilize. I take it that the veto of the enforcement act is tantamount to a formal declaration of demobilization. The Court in Rhode Island is apparently of the same opinion."

Attorney Mayer also argued that it was intended that when congress passed the prohibition constitutional amendment with the provision that it should be effective one year from date of passage, that liquor dealers were to have twelve months to dispose of their stocks. Such a provision was defeated by the war time acts.

The assistant district attorneys argued that the suit was one in equity requiring the government's consent to be sued and that no such consent had been sought or given. The prohibition acts were declared constitutional by Mr. Dickinson, and that the liquor dealers sought to enjoin the government officials from doing their duty in enforcing the criminal statutes.

Mr. Dickinson declared that the war was not ended, that the president's statements and that even a statement of the war department that demobilization had ended, if one were issued would not constitute a proclamation of peace. He said a "decree of peace is a formal and deliberate act surrounded with dignity and detailed solemnity."

He then quoted from war department documents showing that the Spanish-American war did not end until April, 1899, altho hostilities ceased on August 1, 1898, he said. At the conclusion of oral arguments the Court announced a decision would be rendered not later than Saturday.

Attorneys in the case will be permitted to present briefs covering points of law tomorrow.

D'OLIER ELECTED COMMANDER OF AMERICAN LEGION

(Continued from Page One.)

but the spirit of clear thinking, fair play and cooperation, manifested so wonderfully thruout this convention, leaves no doubt in my mind that we shall be able to accomplish during the coming year just as remarkable results for our country as we did in such a comparatively short time in effecting the utter defeat of the enemy.

"Every action of this convention was discussed carefully and in every instance the soundest possible judgment prevailed. There was only one thought of every delegate present and that was to do what was best for this country of ours for which only so recently we were willing to give our all."

Among a mass of resolutions presented was one fixing the salary of the national commander at $6,000 a year. Altho Mr. D'Olier, the new national commander announced he would accept neither salary nor expenses, opponents forced the resolution to a vote but were overwhelmingly defeated.

Shortly before final adjournment of the American Legion convention tonight, five vice-chairmen were elected. They are:

Allen A. Tukey, Omaha; James O'Brien, San Diego; Joyce P. Lewis, Long Prairie, Minn.; Alden R. Chambers, Winthrop, Mass.; and William B .Follett, Eugene, Oregon.

Philadelphia Business Man.

Philadelphia, Nov. 12.—Franklin D'Olier, first national commander of the American Legion, is a wool merchant in this city. When the United States entered the war, he offered his services and was commissioned captain in the quartermaster corps. He was sent to France where he was assigned to organize the Salvage system. He was successively promoted to major and lieutenant colonel and was awarded the American Distinguished Service Medal and the French Legion of Honor.

Since his return home last June he has devoted his time almost exclusively to the organization plans of the American Legion. His home is at Riverton, N. J.

ILLINOIS CORN CROP WILL BE SHORT

SPRINGFIELD, Ill., Nov. 12.—A decrease of 2,788,000 bushels in the estimated production of corn in Illinois, based on conditions November 1, was forecast by federal and state crop agencies here tonight.

The corn yield, judging from November 1 conditions was said to promise 296,208,000 bushels, an average of thirty-four bushels an acre, as compared with 298,996,000 bushels based on the September 1 showing.

Quality of corn was given as 88 per cent of a high medium grade as against 86 per cent for the 1918 crop and 83 per cent for the 10 years average. The joint crop report estimated a yield of 8,835,000 bushels of white potatoes with a quality of only 76 per cent of a high medium, an average yield per acre of 57 bushels.

Sweet potatoes were shown to promise a crop of 784,000, as compared with 656,000 last year. The quality of this product was said to be good the average yield being 96 bushels an acre.

"Winter wheat and rye are up in all sections," said the crop report. "The growth is strong and the plant is looking well. Hessian fly is prevalent in a number of localities and a few fields have been plowed up and reseeded on this account."

INVESTIGATIONS AT CAMP GRANT CLOSED

Rockford, Ill., Nov. 12.—The congressional sub-committee investigation construction of Camp Grant adjourned at noon to Washington after taking testimony of Captain E. J. Wesson, showing Camp Grant cost the government approximately $13,500,000, of J. P. Conner, Chicago contractor, who said he could build the cantonment as it stands for less than $9,000,000 and two teamsters who alleged, M. H. Lordin of Rockford hired about 200 teams at $6.50 per day and collected $8.80 from contractors for about a month. Investigation of southern camps will follow.

FIVE BILLIARDIST TIE FOR FIRST PLACE

Cleveland, O., Nov. 12.—Five of the ten players competing in the National Three Cushion Billard Tournament are tied for first place By winning today and tonight, R. L. Cannefax of New York; Charles McCourt of Cleveland; Otto Reiselt of Chicago and Pierre Maupome o Milwaukee are even with Clarence Jackson o Detroit, with three games won and one last. Jackson was idle today.

Reiselt defeated Hugh Heal of Toledo tonight 50 to 37 in 55 innings. Maupome won from Byron Gillett of Buffalo, 50 tod 25 in 64 innings.

Reiselt's run of seven was high tonight.

SHARE $600,000 ESTATE

San Antonio, Texas, Nov. 12.—Mrs. Fred Goldsmith, New York; Mrs. Clara Hart, Grand Rapids, Mrs. Fannie Amberg Hart, Detroit, Mrs. Leonore Hart, Norfolk and Mrs. Elizabeth Workum, Cincinnati, were named as heirs in a $600,000 estate of Mrs. Rachel Halff, whose will was filed here today.

CATTLE SELL FOR $20.50.

Chicago, Nov. 12. — Cattle prices today equalled the topmost record ever known, $20.50, a hundredweight for choice beef steers. The same grade of meat supply brought only 9 cents a pound three years ago. Today's purchase was intended for New York hotels.

R. R. BROTHERHOODS VOICE DISAPPROVAL OF ESCH RAIL BILL

Union Chiefs Issue Statement Condemning Measure Before House.

WASHINGTON, Nov. 12.—Emphatic disapproval of the Esch railroad re-organization bill now before the house, was expressed by the chief executives of the thirteen principal railroad employes organizations today in a statement which declared that 'so far as the labor provisions of the bill are concerned they are more vicious, because more subtle, than the labor provisions of the Cummins' bill.

The railway workers' officials in their statement accused those who framed the Esch measure as being actuated with a desire to "shackle labor."

Request was made that the railroads be held under federal control for an additional two years, the union chiefs declaring that "labor is willing to accept the sober judgment of the American voters as expressed at a general election."

While endorsed by three of the "big four" brotherhoods and by ten other railway employes organizations, the statement failed to receive the endorsement of L. E. Shepherd, chief of the Brotherhood of Conductors.

Mr. Shepherd was understood to take the position that the Esch bill altho unsatisfactory to railroad employes, was not more inimical to them than the Cummins' bill recently reported to the senate.

B. M. Jewell, acting president of the Railway Employes' Department of the American Federation of Labor endorsed the stand taken by the unions.

Brotherhood's Statement

The statement follows:

"The Esch bill is a consciousless betrayal of the public interests. That its supporters realize it is not the kind of legislation that will bear the light of honest criticism is demonstrated by the way in which the bill has been handled in the house.

"It validates approximately twenty billion dollars of railroad securities, at least eight billion dollars of which is water and directs the interstate commerce commission to tax the American people thru an increase in freight and passenger rates to pay dividends to those "shadow dollars." That means, according to Interstate Commerce Commissioner Woolley, at least a 25 per cent increase in rates. Such an increase would take one billion dollars from shippers and add from three to five billions to which consumers pay for the necessaries of life. It guarantees the present exorbitant rentals for the railroads under federal control and then in order that there may be no complaint from 'big business' provides similar generous rentals for the short lines which are not under federal control.

"It opens the doors of the federal treasury to the railroads in order that they may be re-financed with public funds.

"If a similar scheme were proposed for the purpose of aiding the farmers or the city workers, those who sponsored it would be denounced as Bolshevists and the country would be told they were attempting to overturn Republican institutions.

"If the farmers, the small business men, the professional men and the organized workers could be informed concerning the provisions of this bill such a protest would go up as would insure its defeat.

"That its authors fear just that kind of a result is evidenced by the attempt to jam it thru the house.

"It must be remembered that this measure was prepared in secret conference. Not a dozen members of the house aside from the members of the committee had read the bill when it was taken up Tuesday morning for discussion. This statement will not be questioned by anyone. So far as the labor provisions of the bill are concerned they are more vicious, because more subtle than the labor provisions in the Cummins' bil.

"The Cummins' bill brutally announces what is in its author's mind. They want to shackle labor and frankly say so. The men who framed the labor provisions of the Esch bill have the same object in view, but they seek to obtain it thru a maze of legal verbiage.

"While these labor provisions cover several pages of the bill, it is a significant fact that not one representative of organized labor was consulted in their preparation.

"This travesty on legislation reveals the fundamental weakness of all schemes to return the roads to their former owners. The fact is that private ownership as the means of transportation has broken down. The Esch bill seeks to resuscitate it, by granting outrageous increases in rates and extravagant subsidies.

LIGNITE MINERS WILL RETURN TO WORK

Bismarck, N. D., Nov. 12.—Announcement was made at the state capital tonight that North Dakota lignite operators with the exception of those at Williston, have agreed to re-open their mines tomorrow and to permit them to be operated in the name of the state until wage differences of the United Mine Workers organization are adjusted.

COAL PRICES MODIFIED

Washington, Nov. 12.—The order of the fuel administration fixing maximum prices for bituminous coal and lignite was modified by Administrator Garfield tonight in so far as applicable to such coals shipped o nor after November 13 under a contract which was entered into prior to October 30. On such shipments the prices fixed in the contract may be charged.

T. M. Tomlinson

COOK COUNTY SAVES POLICY QUESTIONS

SPRINGFIELD, Ill., Nov. 12.—Cook county's big majority in favor of the public policy questions voted on November 4th, saved them from defeat returns received here from all but five counties indicate.

With results missing from Cook county, where the margin in favor of the propositions was said to be in the neighborhood of 70,000 and from Henry, Kankakee, Sangamon and Winnebago counties totals were announced today as follows:

Initiative and Referendum:
For ..... 92,752.
Against ..... 121,286.

Gateway Amendment:
For ..... 83,938.
Against ..... 119,015.

Public Ownership of Utilities:
For ..... 92,091.
Against ..... 115,032.

The unofficial result in Sangamon county was about three to one in favor of all three questions.

While the grand total of the votes will show a majority estimated at between 25,000 and 30,000 in favor of the propositions, it was pointed out that with the exception of Cook county districts and a few others, delegates will go to the convention from districts which went on record against the propositions. If the district results is to be regarded in the nature of "instructions" to delegates, it was noted that the convention would be made up of delegates under oath and to oppose the principles enunciated in the propositions.

PERSHING ISSUES STATEMENT

Washington, Nov. 12.—General Pershing tonight issued a statement in which he said:

"It is a serious outrage that veterans of the world war parading in uniform in celebration of our national victory, should be shot down in cold blood as was done in Washington yesterday.

"Too drastic measures cannot be taken to rid our country of the class of criminal who inspire or commit such crimes."

KIDNAPER ARRESTED

Omaha, Neb., Nov. 12.—Steve Marks, one-legged gypsy, is under arrest today in connection with the disappearance from Philadelphia last March of Rosie Mitchell, 12 years old, and Sonia Evans, 14 years old. The girls were located in Council Bluffs, with Marks.

DISCUSS PLANS FOR SAVING BABIES

ST. LOUIS, Mo., Nov. 12.—Plans for saving the lives of 1,000,000 American babies in the next six years were outlined in today at the convention of the the child welfare report adopted National Council of Women. Better educational facilities were recommended in the report on education which emphasized the necessity of religious and home training to bring about a better citizenry.

Col. John H. Parker in an address advocated vocational and physical education which he said would accomplish as much as universal military training with less expense to the government.

The child welfare report recommended mothers' pension laws in all states and endorsed the Sheppard maternity bill, pending before congress, which provides for financial aid to mothers. The educational report asserted more public money should be spent on education, pointing out that the government spent more than $32,000,000 for betterment of agricultural methods last year as compared with less than $1,000,000 for education.

The report recommended that delinquent children and institutions housing children be placed under the supervision of school boards.

Yes; S. S. S. Is Purely Vegetable Nature's Safe Blood Treatment

Known for 50 Years as the Best Remedy for Rheumatism, Catarrh, Scrofula, Skin Diseases.

Scientists have discovered that the forest and the field, are abundantly supplied with vegetation of various kinds, that furnish the ingredients for making a remedy, for practically every ill and ailment of mankind. Medicines made from roots, herbs and barks which Nature has placed at the disposal of man, are better than strong mineral mixtures and concoctions. Mineral medicines work dangerously on the delicate parts of the system, especially the stomach and bowels, by eating out the lining membrane, producing chronic dyspepsia and often entirely ruining the health.

S. S. S. is made entirely of gentle acting, healing, purifying roots herbs and barks, possessing properties that build up all parts of the system, in addition to removing all impurities and poisons from the blood. S. S. S. is a safe treatment for Rheumatism, Catarrh, Scrofula, Sores and Ulcers, Skin Diseases, Blood Poison and all disorders of the blood. It cleanses the entire system and it's permanent. Get S. S. S. at any drug store today. It is a standard remedy recognized everywhere as the greatest blood antidote ever discovered. If yours is a peculiar case write to Medical Director, 442 Swift Laboratory, Atlanta, Ga.

JACKSONVILLE, ILL.

'ERN UNION WILL WIRE UNDERGROUND

it Plan to be Followed in Construction Work—Coun- Grants Permit

nformal session of the city l was held Wednesday af- n with Mayor Crabtree pre- All the aldermen were t except Aldermen Ehnie ynn. The session was for rpose of coming to a better tanding as to the wishes Western Union Telegraph lding its lines along Broad- ley in connection with the peating station. Mr. Ald- who is foreman of the un- und construction for the y, explained the matter in the meeting of the city Monday night it had been decided after brief investigation to grant the company permission for placing its wires in conduit if a fee of $250 was paid and all pavement replaced in as good condition as it is now and under the inspection of the city.

Charge Usual Fee

Yesterday it was decided that the company shall be allowed to open the pavement at the fee of $35, the same as charged a private citizen, the difference being that in this instance the company will pay for all the construction work and for the time of an inspector. In the case of a private citizen the city would bear the expense of construction.

The council was led to a change of opinion in this matter because it is now shown that it will be an advantage to the city to have the wires in conduits instead of having aerial construction. By the conduit plan a number of poles now placed in Broadway alley will be removed. It is hoped that at some day all wires can be placed under ground and the city felt that it would be of advantage to the public to have this much constructed by the conduit plan now.

It is realized too, that it is a distinct advantage to Jacksonville to have the station established here by the Western Union and that some other cities would have been glad to pay a bonus to the company to place the station equipment there. A number of employes and their families will become residents of Jacksonville because of the establishment of this station.

ARMISTICE DAY PROGRAM AT BLUFFS

High School Pupils Gave Program in Honor of Great Anniversary—Mrs. Harry Nelson to Hold Public Sale Saturday—Other Bluffs News Notes.

Bluffs, Nov. 11.—Bluffs High School observed "Armistice Day" in the assembly period Tuesday morning by the singing of patriotic sangs and an address by Supt. Waters. Mr. Waters reviewed the progress of the last few months of the war and recalled some of his personal experiences in service on November eleventh, 1918.

Two of the high school teachers, Mr. Walters and Miss Rees, appeared on the program of the Woman's Club and the Household Science Club in their joint meeting at the home of Mrs. A. O. Woodson Tuesday afternoon. Mr. Walters presented a number of school problems from the viewpoint of the superintendent, and Miss Rees contributed a vocal solo, "Rockin' in de Wind," by Neidlinger.

Mrs. Alice Bohner of Jacksonville, Fla., arrived for a visit with B. F. Rockwood, family and other relatives.

The members of the High School faculty are planning to attend the annual high school conference in Urbana, November the twenty-first and twenty-second.

The Y. L. A. of the M. P. church will hold their November meeting, Friday afternoon, November the fourteenth, at the home of Mrs. Woodson.

Mrs. E. J. Rees returned Saturday from a week's visit in Canton and Joliet.

Mrs. Harry Nelson will hold a public sale at her home Saturday afternoon to dispose of her household goods. Her goods are modern, up-to-date and should bring a fair price. Mrs. Nelson expects to take up her residence in Oklahoma.

Wm. McLaughlin has purchased the Wm. McCullom property on Main street. Consideration $1,450. He expects to occupy it.

Albert Weiss has purchased the Maggie Thorn property occupied by George Adams and family. Houses are at a premium in Bluffs and in order to avoid frequent moving many have purchased homes, some have only rented rooms, while others have been compelled to store their goods until houses are vacated.

Miss Lottie Finnney disposed of her household goods, stock, farm implements, grain, etc., at the Finney home, two miles south of town Tuesday. She will take up her residence in California.

Miss F. E. Taylor, Red Cross visiting nurse, spent Monday, Tuesday and Wednesday examining the pupils of the public school. Thus far the percentage of affected children runs high. Enlarged tonsils and adenoids are the principal menaces to health.

NOTICE.

I will not be responsible for any debts contracted by anyone excepting myself.

THOMAS BROWN.

Matrimonial

Bankers-Hood.

Clarence L. Bankers of Virginia and Miss Lucille Hood of Rushville were married Wednesday by Justice J. A. Crum. The groom is a farmer and he and his bride will reside on a farm in Cass county.

Stewart-Stilwell.

John F. Stewart and Miss Sylvia Stilwell, both of Waverly, were united in marriage at the court house Wednesday aternoon at 2:30 o'clock by Justice A. B. Opperman. The ceremony was witnessed by James Stilwell and Miss Mildred Stilwell, father and sister of the bride. They will reside on a farm near Waverly.

Burdick-Harris.

The marriage of Robert Burdick and Miss Mollye E. Harris was solemnized in Peoria, Nov. 10, at 7:30 p. m, Rev. B. G. Carpenter officiating.

The bride is the daughter of Mr. and Mrs. M. Harris of Waverly and has always lived in Morgan county. She reecived her education in the public schools and graduated from Franklin high school with the class of 1915. Until recently she has been a student at Passavant Hospital training school or nurses.

The groom is the son of Mr. and Mrs. C. S. Burdick of 409 Sandusky street. He received his education in the public school and the high school of this city. In December, 1917, he enlisted in the service of his country and subsequently spent thirteen months overseas with the 3rd regiment aerial service mechanics.

Mr. Burdick is now employed by the Peoria Creamery Co., and he and his bride will make Peoria their home. They have a host of friends in this city and Waverly who will unite in extending heartiest congratulations.

SENATOR MARTIN SUCCUMBS AFTER LONG ILLNESS

(Continued from Page One.)

unknown. Senator Martin "stumped" the state and achieved his third victory.

On October 10, 1894, he married Lucy Chambliss Day, daughter of Colonel C. Fenton Day, of Smithfield, Va. Two children were born to them.

Wilson Wires Sympathy

Washington, Nov. 12.—The death of Senator Martin was announced to the senate by his colleague, Senator Swanson, and the senate as a mark of respect, adjourned immediately after adopting a resolution providing for a committee of eighteen senators to arrange funeral services.

President Wilson today telegraphed Miss Lucy Day Martin, daughter of Senator Martin, his sympathy and grief at the death of her father, saying:

"May I not express my deep sympathy and sense of personal grief in the death of your distinguished father. I regarded him as one of my warmest friends and feel that Virginia and the country has sustained a real loss."

The house adjourned out of respect for Senatord Martin after a resolution by Representafive Flood, Democrat, Virginia, expressing the regret of the house, was rea.

A delegation appointed by Speaker Gillett to represent the house at the funeral, is composed of Rerpesentatives Flood, Montague, Saunders, Slemp, Moore, Bland, Holland, Watson, Woods and Harrison of Virginia, and Cannon, Illinois; Champton, Michigan; Sisson, Mississippi; Kitchen, North Carolina; Burns, Bowers, West Virginia; Whaley, South Carolina, and Wingo, Arkansas.

BRAZIL RATIFIES TREATY

Rio Janeiro, Nov. 11.—(By the Associated Press.)—The war between Brazil and Germany is officially ended. Armistice day was celebrated in Brazil by the ratification of the treaty of Versailles.

Social Events

Union Baptist Missionary Society Held Meeting.

The Union Baptist church Missionary society held a meeting Wednesday afternoon with Mrs. Henry Mosely. The regular business session was held. The society voted to purchase Reading Circle books. The report of the dinner held at the Mosely sale showed a net profit to the society of $21. It was voted to give an oyster supper in the church parlors Thursday evening, Nov. 20. The next meeting will be held with Mrs. A. A. Curry December 3.

History Class Met With Mrs. Merrill.

The History Class met with Mrs. George L. Merrill Wednesday afternoon. There was a good attendance of members. Mrs. E. P. Brockhouse led, the subject being Gorki, tne Russian novelist. During the afternoon Mrs. Merrill served refreshments.

Wednesday Class Hears Miss Laura McDonald.

At the regular meeting of the Wednesday class held at the home of Mrs. Walter Ayers Wednesday afternoon, Miss Laura McDonald told the members soms of her experiences in canteen work in France. Miss McDonald told of many phases of the work that proved of great interest and exhibited some photographs of scenes in the war zone. A social hour followed during which the hostess served refreshments.

Pastor's Aid of First Baptist Church Met.

The Pastor's Aid of First Baptist church met Wednesday afternoon with a large attendance. Recently an organization was perfected that places every woman in the church in service for the aid society. The meeting yesterday was a sort of get together meeting in which the recently elected members were entertained. The program as published in the Journal Wednesday morning was carried out and greatly enjoyed.

Grace Church Pastor's Aid Held all Day Sewing.

An all day meeting of the Pastor's Aid Society of Grace church was held at the church Wednesday. There was a good attendance and a number of garments were finished for the Social Service League. Plans also were made for serving a 75 cent turkey supper December 4.

Spend Pleasant Evening in Yatesville.

Wednesday evening a company motored from Jacksonville to the pleasant home of Mr. and Mrs. Roy Conkey of Yatesville. They took with them oysters and many other delicious eatables which, together with the many good things found in the country, made a most bountiful supper. Various games were played and a most pleasant social evening was enjoyed by all. Those present were: Mr. and Mrs. Roy Conkey, S. E. Bingman, Mr. and Mrs. F. G. Sims, Mrs. Lulu McDaniel and children Lorine, Harvey and Eugene, and Mrs. Clara Baker and son Russell.

Missionary Circle Meets.

The Ella Ewing Mission Circle of Central Christian church held its regular monthly meeting Tuesday evening at the home of Mrs. Hitte on West State street. A fair attendance of members was present, and several visitors also. Miss Grace Filson was leader of the devotionals. The "Pilgrimage" took those present to San Francisco, California to visit the mission stations of the Chinese and Japanese there.

Miss Vera King told of the work among the Chinese, and Miss Katie Vee Clarkson gave an account of the Japanese stations. These two papers illustrated the work that is being done for the foreigners upon our western shores, and the good that is being obtained "where the East and West meet."

Miss Mason told a very interesting little story of a Japanese girl, "Sue San" who came to this country and was ministered to by the missions of the West.

After the meeting the hostess served delicious rereshments, and a delightul social time was then enjoyed. The next meeting will be with Miss Ethel Shortridge and will be a vesper service on board a steamer bound or the Eastern Hemisphere to visit some of our foreign mission stations.

MURRAYVILLE SODALITY ENTERTAINS SOLDIERS

Program, Progressive Euchre and Dance Enjoyed at K. C. Hall Wednesday Evening — Soldiers and Sailors Guests of Honor.

The Murrayville Young People's Sodality held a very pleasing entertainment at the Knights of Columbus hall on East State street Wednesday evening. There was a large number of Murrayville people present and everyone had a most enjoyable evening. The event, which was given in honor of the returned soldiers of Murrayville district, was well planned by the committee in charge. The evening opened with an excellent program. Following this the guests enjoyed progressive euchre. After the euchre party a two-course luncheon was served. Later in the evening there was a dance for the younger folk, music being furnished by a six piece orchestra.

The Program.

The program which was given the first part of the evening was carried out as follows:

America.
Address—Father Flynn.
Song, "Fleeting Days" by Misses Mary Murphy, P. Murphy, Stella Flynn, Edith Flynn, Margaret Walsh, and Serena Connolly.
Violin solo—Miss Gussie Flynn, accompanied by Miss Alma Flynn.
Address—Father Cahill.
National anthem.

Ladies are pleased with the styles and prices of Fur Scarfs and Muffs shown by FRANK BYRNS' Hat Store.

ILLINOIS COLLEGE IN LAST HOME GAME

Will Have Monmouth College for Opponent—Is Annual Homecoming for Former Students.

Tomorrow afternoon Coach Harmon's Blue and White football warriors make their last home appearance when they hook up with Monmouth College on Illinois field.

For the past few days the weather has been excellent for football practice and Coach Harmon has been putting the men thru a strenuous course of workouts. The team has shown great improvement since its last home appearance and its followers will hardly know the team when it steps on the field tomorrow afternoon.

In addition to being the last home game it is also the homecoming for former alumni and students. The college has sent out several invitations and thruout this section today and tomorrow many former Illinois men will start for the 'Hill" to again acquaintance with the scenes of their student days and pledge anew allegiance to Old Illinois.

Since the Knox game Illinois has been coming fast. The kinks have been taken out of the team and rough spots smoothed down and now the squad is a well oiled machine able to hold its own with any secondary college. All of the men are again in the "pink," having fully recovered from the bruises received in the Knox game. Barnes is again in form and showed in the Wesleyan game that he is going to be a factor in the remaining games. Strickler and Mackey also are in shape but may not be used against Monmouth.

Not much is known of the strength of Monmouth. For several years past Monmouth has had a high class team. In 1915 she won the Little Five title. This year the team is not so strong. She has been defeated by Lombard by a score of 26 to 0. Illinois won from Lombard by a score of 6 to 3.

However, not much can be figured out by comparative scores. This has been demonstrated time and again in both the east and west this year. William Berryman who is teaching in the Monmouth high school writes that Illinois can defeat Monmouth if she plays football.

Two years ago Monmouth defeated Illinois by a score of 58 to 10. However Illinois lost practically all of her football men that year by enlistments. Curren, Andrew, Cully, Barnes, Ferreira, Bronson and Mackey played in that game. They have learned some football since then and are anxious to get revenge for that defeat. Those who attend the game tomorrow afternoon can depend upon seeing a clean, hard game with Illinois on the long end of the score if the men play the football they are capable of playing.

The loss of this game will not have any bearing on the Little Nineteen title as neither Monmouth or Knox are members of the conference. On November 22, Illinois will journey to Decatur where they will play Milikin to see who is to be called champions of the Little Nineteen conference as neither has yet been defeated by a conference team.

The teams will line-up as follows:

Illinois:		Monmouth:
Fanning	le	Frazell
Iftner	lt	Scott
Gunn	lg	Firth
Fiedling	c	Earp
Andrew	rg	Dyer
Riess	rt	Trimble
Curran	re	Jones
Cully	qb	Melburg
Locke	lh	Peterson
Barnes	rh	Blick
Mutch	fb	Anderson

Hear Mrs. Grace Wood Jess in folk songs, Music hall, Woman's college tomorrow night.

ENLISTMENTS FOR THE CHEMICAL WARFARE SERVICE

It is desired to obtain, as soon as possible, 1,000 recruits for the Chemical Warfare Service. Recruits will be accepted under the following conditions:

(a). Only white men will be enlisted.

(b). Enlistments may be for a period of one or three years.

(c). These men will be enlisted in the infantry and assigned to the Chemical Warfare Service. They will never be required to serve in the Infantry branch. But will be given the option of transferring to some other branch or discharged from the service. In case the chemical warfare service is discontinued soon. It is desirable, tho not essential, that men enlisting for this service have chemical or engineering experience.

JOY SUFFERS PAINFUL ACCIDENT

Manager of Modern Garage Sustains Cuts on Hand From Motor Fan Wednesday.

Chester Joy, one of the owners of the Modern Garage on West Court street suffered a painful accident yesterday while at work at the garage. He was attempting to locate some motor trouble with the engine of the car running when his left hand came in contact with the fan. The knife-like blades of the fan cut his fingers badly. The index finger was slit from the tip to the palm of the hand clear to the bone. The remaining fingers of Mr. Joy's left hand were also lacerated but not as badly as was the index finger.

Dr. A. M. King was called and rendered the necessary medical attention.

RED CROSS ROLL ABOUT COMPLETED

Morgan County Record Equals Any in the State—Broad Work Planned by Society.

The special campaign in connection with the Red Cross roll call in Illinois has been practically completed and State Chairman E. E. Crabtree returned home yesterday. Mr. Crabtree will spend a day or two in Chicago next week and straggling reports will keep coming in. But generally speaking, the campaign is over. The Red Cross roll call is the result of a definite policy of Red Cross organization to secure support from millions of members rather than from a small number of members contributing large sums.

In the pre-war days the Red Cross activities were supported by about 20,000 people and now it is the hope to keep 10,000,000 people interested thru annual enrollment. This standard does not seem too high since there were 20,000,000 enrolled during the war.

County Has Good Record."

"Morgan county has kept up its good record," said Mr. Crabtree yesterday, "and the showing made here is second to none in the state, population considered. The fact is that in many counties the work has lagged. This does not mean that the campaigns in the different counties will not be completed, but bad weather conditions and a lack of general interest have interfered. The general campaign has not closed and in fact it will be several weeks before all the business can be concluded, and I am quite confident that when that times comes the record for the state as a whole will compare favorably with records in the other states of the union.

"I believe the final figures will show Morgan county well in the lead over many others in Illinois."

Speaking of the general peace program of the Red Cross, Mr. Crabtree said that health promotion and nursing work will receive special attention, and in fact, stupendous plans are now under way for pushing this highly important work of public health. It is realized that more good can be accomplished in the prevention of epidemics than in caring for those that are sick. But the Red Cross will do both lines of work. With 10,000,000 members on the roll there will be a fund of $10,000,000, one-half of which will go to half be kept in the treasuries of the national organization and one-the local chapters. Thus funds will be available for the prosecution of the general program of work outlined and for meeting emergency conditions.

Wide Scope of Work.

It is quite clear from Mr. Crabtree's statement that he returns to Jacksonville with even a keener appreciation of the beneficent work of the Red Cross and the possibilities of the organization for helping not only in emergencies but in solving some of the general problems that constantly menace the health and well being of the people.

Funerals

Stone.

Funeral services for Mrs. Mollie Stone were held from the residence, 315 Anna street at 2:30 o'clock Wednesday afternoon in charge of the Rev. J. H. Fisher, assisted by the Rev. H. H. DeWitt.

The flowers were cared or by Mrs. Frances Johnson, Mrs. Sallie Rice, Mrs. Ret O'Leary and Mrs. Henry Herold.

Burial was in Jacksonville cemetery the bearers being, James Mathews, Levis Postley, James Dugan, A. J. Jones, Cupid Mosley and David Douglas.

Deaths

Paulson.

Mrs. Naomi Martis has received word from her daughter, Mrs. M. C. Paulson of Toledo, Ohio, and who, with her husband was called to Selma, California, by the illness of Mr. Paulson's mother, that the invalid had died.

MISS EDITH CARLSON WEDS PAUL R. NELSON

Ceremony Said at Home of Bride Wednesday Afternoon—Will Reside in Chicago.

Paul R. Nelson of Chicago and Miss Edith Louise Carlson were united in marriage at the home of the bride, 324 South Clay avenue, at 2 o'clock Wednesday afternoon.

The ceremony was said by the Rev. Myron L. Pontius, pastor of Central Christian church, the ring service being used. Only relatives and a few intimate friends of the contracting parties were present.

The Carlson home was tastefully decorated for the occasion. In the living room pink and white roses and ferns were used, while in the dining room chrysanthemums predominated.

Preceding the ceremony Miss Fern Haigh with Miss Carrie Spires as accompanist sang "Heart of Mine", "At Dawning", and "I Love You Dear." Folowing the service and while the couple were receiving the hearty congratulations of the assembled company Miss Spires played "Hearts and Flowers."

The bride wore a gown of blue satin and carried a bouquet of bride's roses. Her going away dress was a coat suit of Duvetyn with hat to match.

The bride is the daughter of Mr. and Mrs. S. M. Carlson and has spent her entire life in this city where she received her education in the public schools. She is a member of Central Christian church and has always been active in the various phases of church work. Her charming personality has won for her a wide circle of friends.

The groom is the son of Mr. and Mrs. E. K. Nelson of Winchester. He received his education in that city and entered government service in the postoffice department. He is now a railway mail clerk with headquarters in Chicago.

Mr. and Mrs. Nelson left on the afternoon train for St. Louis. After a brief visit there they will spend a few days in Winchester with the groom's parents. They will be at home after December 1 at 5354 Wayne avenue, Chicago.

Miss Jennie Carlson of Chicago, a sister of the bride was here to attend the wedding.

MR. J. HERMAN ARRIVED HOME FROM THE COAT MARKETS WHERE HE PURCHASED A MAGNIFICENT LINE OF COATS AND OTHER MERCHANDISE FOR HIS READY TO WEAR STORE.

SPECIAL TAX NOTICE

To all Persons Interested:—

Notice is hereby given that the City of Jacksonville, Illinois, has presented to the County Court of Morgan County, Illinois, the certificate of the Board of Local Improvements of the City of Jacksonville, Illinois, of final completion and acceptance of the improvement on North Church street in said city from the north line of West State street to a point twenty inches south of the south rail of the Wabash Railroad track in said street in the City of Jacksonville, Illinois, consisting of a street pavement, and the application of the City of Jacksonville, Illinois, on the completion of the work.

The final hearing on said application has been fixed by the County Court of Morgan County, Illinois, for the first day of December, A. D. 1919, at the hour of 10 o'clock a. m., of said day; that all objections to said certificate and application must be filed in said court before the time set for such hearing.

Dated this 11th day of November, A. D. 1919.

FIRE DEPARTMENT ANSWERS TWO CALLS

The fire department responded to two calls Wednesday. The first was from the residence of Robert Stewart, 529 North Sandy street. The property is owned by Stewart's mother, Mrs. Hattie Wilburn.

Mr. Stewart got up about four o'clock and started a fire in the kitchen stove and went back to bed. He was awakened a short time later and the whole house was afire. The department made a quick response but it was unable to do much toward saving either house of contents. Chief Hunt was unable to estimate the loss, but said it was fully covered by insurance.

At 10:20 o'clock Wednesday morning the department received a call from the residence of Leo McGinnis, 435 South East street. Soot burning in a chimney was the cause of this call and no damage resulted.

Better styles, larger assortment of late style Caps for young men are shown by FRANK BYRNS' Hat Store.

VISITING MOTHER

Mrs. Robert Michaels of Alton is visiting her mother, Mrs. Jennie Clerihan on East Independence avenue.

Wanted — Colored Girls over sixteen for pinning chickens. Swift and Co. Produce Dept. Apply Supt.

In March we placed our order for fall and winter suits and overcoats.

Wholesale prices advanced ten dollars and more per garment. But this advance did not apply to our order. The increase became effective at once on all orders placed then and thereafter.

Our stocks of suits and overcoats were brought at the old prices. Manufacturers now charge more for the same garments and they are worth more. When our present stocks are exhausted, we shall have to pay more. They cannot be replaced at the old prices.

We believe that clothing should be sold on a basis of cost regardless of subsequent developments. The price we charge is determined by the price we pay, no matter how much higher the prevailing market value may be.

We won't charge more unless we have to pay more, and we won't pay more if we can help it. But no matter what we pay or when, our selling price will represent nothing more than a legitimate profit upon the actual cost.

GRAND JURY ENDS WORK FOR TERM

Sessions Continue Thru Only Three Days—Several Indictments Returned Wednesday—Report Shows Jail in Excellent Condition—Judge Smith Grants Number of Divorces—Docket Set For Second Week.

Judge E. S. Smith was in the city Wednesday to hear motions and to transact other business in the circuit court. At the morning session the Court met with attorneys and fixed the docket for the next week. The grand jury broke all records by filing a report and receiving its discharge after a three days' session. The report on the county jail was filed with the circuit clerk and made a part of the records. This report is given below.

The jury asked the Court as to the necessity of visiting the county home and Judge Smith explained that there is nothing in the law to require such a visit. The number of indictments returned was smaller than usual and in fact comparatively few cases came before the jury for consideration. State's Attorney Robinson, however, said yesterday afternoon that the jurymen had evidenced a great deal of interest in affairs and had pushed the business needing attention along as rapidly as possible.

Amos Sutton was indicted on a charge of grand larceny. He is accused of stealing hogs, the property of Thomas Cain.

James Newbern was indicted on the charge of burglary and larceny, the charge against him being of stealing corn from the crib belonging to S. Ragan.

Edward Fulcher must answer the charge of stealing a watch from the residence of John German. He was indicted upon a burglary and larceny charge.

John Bridges of Waverly was indicted on a statutory charge.

Claude Whitlock, who is accused of stealing a watch from the residence of Thomas Lonergan in Murrayville precinct, will answer a charge of grand larceny, as he was indicted on this charge.

Austin Carter was indicted on a charge of petty larceny. He is accused of stealing a watch and some other articles from Illinois College students some months ago.

An indictment was returned against P. H. Griggs, who is charged with practicing without a license.

Judge Smith considered a number of divorce suits and the action taken along with other proceedings, is indicated below.

Common Law.

In the trespass suit of Claude A. Hamm vs. William F. Hahn, motion was entered whereby the plaintiff dismissed the proceedings.

In the assumpsit suit of E. Lowitz & Co., vs. Jerry Ryan, a motion was made by the defendant for rule on the plaintiff to file a bill of particulars.

In the suit of John Anderson vs. Robert E. Henry et al., trespass on the case on promises, entry of dismissal by the plaintiff was made.

In the assumpsit suit of Louis L. Ginsberg Co., vs. H. S. Greenstone, bond was filed by the complainant and the defendant was given until November 17 to plead.

The habeas corpus proceedings relating to Joel Potter, an inmate of Jacksonville State Hospital, was heard and the relator was discharged.

Chancery.

The report of Master in Chancery Henry W. English for the term was filed and approved.

In the divorce procedings of Gertrude Bowns vs. Vernie Bowns the evidence was heard, decree was approved and cause stricken.

A divorce was granted to Thenia F. Birdsell from her husband, Charles Henry Birdsell, after the Court had heard the evidence. Decree was entered and cause stricken.

In the divorce proceedings of Pauline H. Wright vs. Theron W. Wright, the Court granted the petition and entered a decree in accordance therewith.

Harry E. Perry, Jr., was granted a divorce from his wife, Lennie B. Perry, and the cause stricken from the docket.

Another divorce case heard was that of Marie Hippert vs. John F. Hippert in which a decree was entered in behalf of the complainant and the cause was stricken.

In the divorce suit of Pearl Taylor vs. Earl Taylor, the Court appointed H. P. Green as attorney and after the taking of evidence the decree was entered.

Wilma V. Livesey was granted a divorce from Robert E. Livesey after the Court had heard the evidence.

In the suit brought by Floyd F. Angelo to annul his marriage to Bertha M. Wilmeth Angelo, a demurrer was filed by the defendant.

In the bill of Oakleigh R. Adkins, vs. Anna E. Davison et al., a demurrer was filed and sustained and the complainant was given until November 17 to make answer.

Docket Set.

The docket for the next week in the Circuit Court was set as follows:

Monday.

Letha M. Caldwell vs. William Henry Diggins et al; bill to contest will.

Thomas P. Reep vs. J. W. Ward and Carl E. Black, appeal from J. P.

Bureau of Nat'l Lit., a corporation, vs. Charles DeSilva, appeal from J. P.

Tuesday.

George Werrils vs. Charles Bosse, appeal from J. P.

Wednesday.

S. P. Carter vs. William R. Haneline et al; assumpsit.

John T. Mutch vs. W. B. Rexroat et al; assumpsit.

Thursday.

Harry J. Clarck vs. Walker D. Hines, director general, etc., and Chicago & Alton Railroad Co., appeal from J. P.

G. E. Rook vs. Walker D. Hines, director general, etc., and Chicago & Alton Railroad, appeal from J. P.

Report on Jail.

The grand jury report on the jail was as follows:

We, the grand jury for the November term, 1919, beg leave to report that on the above date we visited the Morgan county jail; we find six prisoners at this time in said jail, namely: Edward Fulcher, grand larceny; Amos Sutton, grand larceny; James Newbern, grand larceny; Claude Whitlock, grand larceny, all from Morgan county, and Horace Augustus Reddish and John W. Mackelton, from Jersey county, Illinois, on a change of venue charged with murder. We further report that the conditions at the jail are in perfect condition; we find the interior and exterior of the said jail to be exceptionally clean and sanitary in all respects; all the prisoners appear to be well fed and are neat and clean in their appearance.

Respectfully submitted this 11th day of November, A. D. 1919.

Elmer J. Henderson,
J. A. Hilderbrand,
James Guinane,
John Moss,
Denby Killam,
C. H. Elliott, (Clerk).

THE OBSERVATORY

The one consolation about the shortage of white paper in Illinois is that it gradually is bringing about a shortage in black headlines.

—o—

Did you see the parade Tuesday evening? Well, they had plenty of pep, anyway, and that's what makes things go. If Jacksonville had a few more citizens with the pep for doing things for the benefit and promotion of the municipality as has Charles DeSilva, the instigator and chief promotor of the celebration Tuesday night, it would be a great thing for the city.

—o—

The fellow who was comatosely in love in September and married in October begins in November to wake up and marvel at the number of patent egg beaters and aluminum stewpans and nickel plated electric appliances it takes to equip a household which lives mostly on pork chops and canned spaghetti.

—o—

A Seattle minister protests that the daring dress of some of the women church members nowadays makes it tremendously hard for a young man to keep his thoughts pure. It palliates matters some, however, if it gets the young man out to church.

—o—

HE LEFT IT TO LYLE.

An Ohio pastor was informed in the middle of his Sunday morning sermon that his home was on fire. He continued with his sermon, however, and when the service was over and his home burned to the ground, he confided to his congregation his loss.

—o—

As the sentiment to make Armistice Day a legal holiday moves along the thought recurs that we probably have too many holidays now, but with it comes also the reflection that Armistice Day is probably more deserving of festive observance than some others we now observe as a matter of course. Suppose there were a proposition to give up one of our holidays in order to make room for the one on Nov. 11—which one, if any, would you suggest we give up? Or, if you don't care to work on this, see if you can study up any other subject which will be as unpopular ;

—o—

FREE COUNTRY? WE'LL SAY IT IS.

"Fred Neubauer, Wednesday left for New York whence he will sail for Rotterdam and then go to Germany," reports the Boonville Republican. "Mr. Neubauer came to America thirty years ago. Today he owns one of the best farms in this county. He expects to be gone all winter and part of the spring. In fact, he may move back to Germany. He says he has three brothers there, all of whom have sons who fought in the German army, whom he is very anxious to see."

—o—

RED CROSS TO THE FRONT!

Armistice Day celebration in Jacksonville Tuesday should have had the added zest of a successful Red Cross campaign with the answer of many thousand Jacksonville people to the third annual call of the merciful mother. It has been truly said that altho the people may be weary of giving, they should remember the war was not won by a single successful campaign, but by steady driving.

Steady driving will put Jacksonville and Morgan county over the top in one more big victory. Is your heart ready? And your dollar?

LARGE AMOUNT OF SILK STOLEN

Scranton, Pa., Nov. 11.—Silk valued at $100,000 shipped from New York to silk mills in Scranton, Wilkesbarre and neighboring towns was stolen in transit, the police reported today.

Famous Old Recipe for Cough Syrup

Easily and cheaply made at home, but it beats them all for quick results.

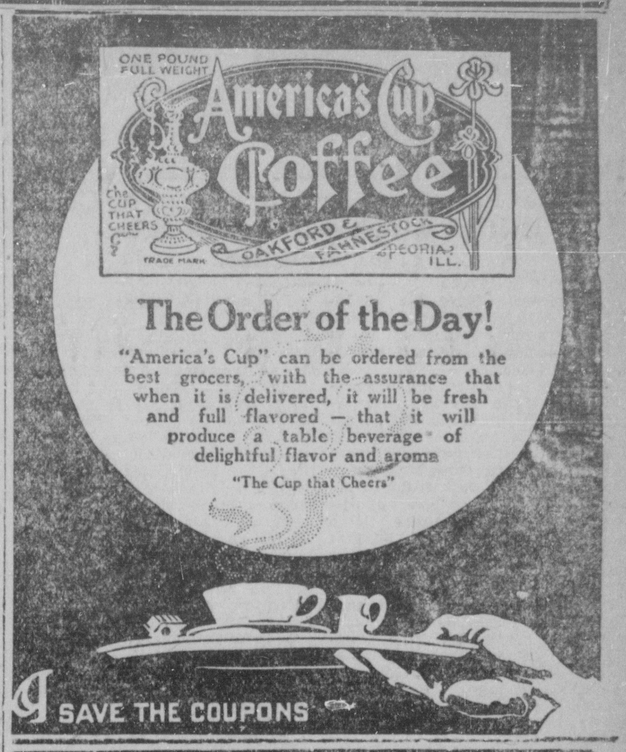

Thousands of housewives have found that they can save two-thirds of the money usually spent for cough preparations, by using this well known old recipe for making cough syrup. It is simple and cheap but it has no equal for prompt results. It takes right hold of a cough and gives immediate relief, usually stopping ordinary cough in 24 hours or less.

Get 2½ ounces of Pinex from any druggist, pour it into a pint bottle and add plain granulated sugar syrup to make a full pint. If you prefer use clarified molasses, honey, or corn syrup, instead of sugar syrup. Either way, it tastes good, keeps perfectly and lasts a family a long time.

It's truly astonishing how quickly it acts, penetrating through every air passage of the throat and lungs, loosens and raises the phlegm, soothes and heals the membranes, and gradually, but surely the annoying throat tickle and dreaded cough disappear entirely. Nothing better for bronchitis, spasmodic croup, hoarseness or bronchial asthma.

Pinex is a special and highly concentrated compound of genuine Norway pine extract known the world over for its healing effect on membranes.

Avoid disappointment by asking your druggist for "2½ ounces of Pinex" with full directions and don't accept anything else. Guaranteed to give absolute satisfaction or money promptly refunded. The Pinex Co.

The Eveready is "The Goods"

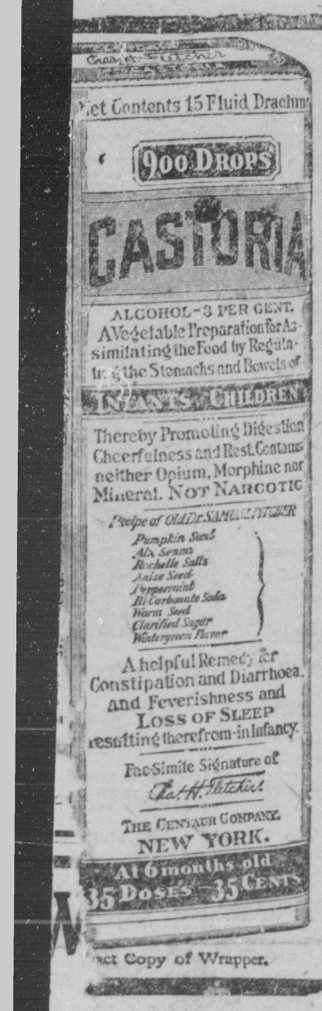

A colloquial expression, but it tells in two words of the dependability of Eveready Storage Batteries. We are proud to offer for sale a battery that has so many staunch friends. Equip your auto with an EVEREADY and you have fortified yourself against having your car "laid up" because of dead battery.

Prevent Spanish Influenza By Anointing Nose

Prominent Middle-West Health Official Makes Important Announcement in Connection with Treatment of Bronchial Troubles.

If you really have Spanish Influenza do not attempt self-treatment with home remedies. Go to bed immediately and call a physician at once.

But there are preventive measures which can prevent your being attacked by this malady. Men-Tho-Eze has proven efficacious in cases of the treatment of sore throat, la grippe, tonsilitis, bronchitis, colds an dall troubles resulting from congestion of the lungs and bronchial tubes. Here is a plain statement on Spanish Influenza by the secretary of the Boar dof Health of a prominent middle-west state.

This physician maintains that Spanish Influenza is like sore throat, la grippe, tonsilitis, bronchitis, colds and similar troubles in that it is caused by infection of the nasal passages. He recommends preventing this—and hence, largely preventing Spanish Influenza and other maladies—by keeping the nasal membranes moist and pliable by means of some oily antiseptic application.

For such treatment Men-Tho-Eze is ideal. The goose grease anud turpentine in this preparation serve as an ointment, while the wintergreen and menthol form fumes which are breathed into the lungs and bronchial tubes. This breaks the phlegm. The Men-Tho-Eze not only keeps the nasal membranes healthy and fit to throw off germs, but it quickly breaks up a cold which might develop into Spanish Influenza or some other serious trouble.

Men-Tho-Eze is a scientific combination of grandmother's old-fashioned goose grease and turpentine and the medical wisdom of China, which gave us wintergreen and menthol. It has proven a remarkable remedy for colds, catarrh and la grippe. Letters have been received from Spanish Influenza sufferers who have used Men-Tho-Eze with beneficial results.

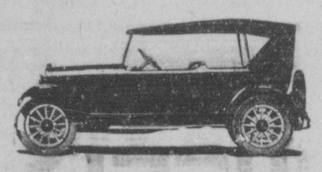

Men-Tho-Eze should be in every home. An application in time will often save a doctor bill.

In opal jars, 30c and 60c.

WHITE HALL SCHOOLS ARE ORDERED CLOSED

Differences Between White Hall School Board and Board of Health Over Vaccination of Pupils Causes Action—Former Resident Dies in Kansas City—News Notes.

White Hall, Nov. 12.—For several weeks an open break between the board of education and the local board of health has been brewing over the matter of vaccination, and during the disturbance of Armistice Day, the subject came up afresh by open defiance of teachers and pupils in refusing to comply with the health board in presenting a vaccination certificate.

The supremacy of the health board prevailed to the extent that the schools were ordered closed until the health board requirements are complied with.

The health board is bound that there will be no chance taken on an outbreak or spread of smallpox and influenza this winter if known prosecutions will ward off such an event, and the board of education claim that there is no ground for such action. When on Tuesday there was a demand by the school for a half holiday for celebrating, they were granted the request and told to stay away and keep on celebrating if they wish for the balance of the week, by which time the vaccination order will probably be complied with. Fuel conservation is said to be another impelling motive for the closing order.

Daniel Hogg, an old-time resident of White Hall, died at the home of his son Charles in Kansas City Sunday, and the remains were brought here Tuesday night, burial services being conducted by Rev. Leo Howard at the White Hall cemetery at 10 o'clock Wednesday morning. He was 96 years of age, and had been residing among his children for the past twenty years, his wife dying about ten years ago. The children are Charles and Louis of Kansas City, Frank and Jesse of Michigan, and M. L. Potts of Springfield. Mr. Hogg reared a family of six children while residing here, one son being deceased, and the family resided on what is known as the L. S. Baldwin farm, at the northwest limits of the city, now owned by G. W. Boyd.

Louis Lowenstein is a delegate to the National Drainage Congress in session at St. Louis.

George North and bride came in Tuesday from a wedding trip to St. Louis and other points, and in the evening were serenaded by the White Hall band. The last of this week they will depart for Los Angeles to spend the winter, being accompanied by Miss Marjon.

Mr. and Mrs. C. H. Giller contemplate going to Biloxi, Miss., for the winter, where their daughter, Miss Grace, is conducting a photograph business.

Dr. H. A. Potts, of Chicago, is spending a couple of days in town.

Frank Warren was up from Jerseyville Tuesday in quest of race horses.

If you have any walnut trees for sale see E. C. Simpson at Douglas Hotel.

Why Druggists Recommend Swamp-Root

For many years druggists have watched with much interest the remarkable record maintained by Dr. Kilmer's Swamp-Root, the great kidney, liver and bladder medicine.

It is a physician's prescription. Swamp-Root is a strengthening medicine. It helps the kidneys, liver and bladder do the work nature intended they should do.

Swamp-Root has stood the test of years. It is sold by all druggists on its merit and it should help you. No other kidney medicine has so many friends.

Be sure to get Swamp-Root and start treatment at once.

However, if you wish first to test this great preparation send ten cents to Dr. Kilmer & Co., Binghamton, N. Y., for a sample bottle. When writing be sure and mention the Jacksonville Journal Co.—Adv.

DADDY! YOUR HAIR NEEDS "DANDERINE"

It Always Checks That Ugly Dandruff and Stops Hair Falling.

To stop falling hair at once and rid the scalp of every particle of dandruff, get a small bottle of "Danderine" at any drug or toilet counter for a few cents, pour a little in your hand and rub it into the scalp. After several applications the hair usually stops coming out and you can't find any dandruff. Soon every hair on your scalp shows new life, vigor, brightness, thickness and more color.—Adv.

ONLY WAY ASPIRIN SHOULD BE TAKEN

Look for Name "Bayer" on Tablets and Follow Directions in Package.

The Bayer Company, who introduced Aspirin tell in their careful directions in each package of genuine "Bayer Tablets of Aspirin" that to get best results one or two glasses of water should be drank after taking tablets.

"Bayer Tablets of Aspirin" to be genuine must be marked with the safety "Bayer Cross." Then you are getting the world-famous Aspirin, prescribed by physicians for over eighteen years.

Each unbroken "Bayer" package contains proper directions for Colds, Headache, Toothache, Earache, Neuralgia, Lumbago, Rheumatism, Neuritis, and for Pain generally.

Handy tin boxes of twelve tablets cost but a few cents. Druggists also sell larger "Bayer" packages. Aspirin is the trade mark of Bayer Manufacture of Monoaceticacidester of Salicylicacid.—Adv.

Miller's Antiseptic Oil, Known as

SNAKE OIL

Has Brought Relief to Thousands of Sufferers.

And what it has done for others it will do for you. Don't continue to suffer with rheumatism, neuralgia, stiff and sore muscles, cold in the chest, croup, coughs and kindred aches and pains. Ask your druggist for a bottle of Miller's Antiseptic Oil (known as Snake Oil), use according to directions and know what it means to be free of pain.

Miller's Antiseptic Oil (known as Snake Oil) is powerful and penetrating, yet will not harm the most delicate skin. In 30c, 60 cand 1.00 bottles. Ask for and insist upon the genuine Miller's Antiseptic Oil (known as Snake Oil). Your money back if it doesn't do what we claim. For sale by Armstrong & Armstrong.—Adv.

S. O. S.

If Constipated, Bilious or Headachy, take "Cascarets"

Sick headache, biliousness, coated tongue, or sour, gassy stomach—always trace this to torpid liver; delayed, fermenting food in the bowels.

Poisonous matter clogged in the intestines, instead of being cast out of the system is re-absorbed into the blood. When this poison reaches the delicate brain tissue it causes congestion and that dull, throbbing, sickening headache.

Cascarets immediately cleanse the stomach, remove the sour, undigested food and foul gases, take the excess bile from the liver and carry out all the constipated waste matter and poisons in the bowels.

A Cascaret tonight will surely straighten you out by morning. They work while you sleep.—Adv.

MOUND SCHOOL ONE OF BEST IN COUNTY

Has Large Enrollment—Pupils Show Familiarity With the Country's History.

Tho Monday morning was rather gloomy the writer decided to enjoy some more school visiting and this time wended his way to the Mound school taught by Walter Williams and located a few miles southwest of the city on the Mound road. The school is now managing to get along with two directors, H. E. Kitner and James Rice, the other having moved away and no one yet having been chosen to fill the vacancy.

There in that school are enrolled forty two boys and girls, bright, wide-awake and active. The visitor arrived just before school time but the pupils soon sensed the object of his coming and were ready to greet him as he entered.

The school house has been wholly remodeled, has good concrete walks about it an dthe furniture is excellent. It is supplied with good maps, a dictionary, a fair library, an organ and other things. Pictures are lacking. The teacher explained that in the changing from the old building to the new one the frames or glass were broken and had not yet been replaced. The fence and gate are somewhat demolished and this will doubtless claim attention next as well as the need of a few more shade trees about the building. So much time and money were devoted to the new building that some things had to wait.

The boys and girls paid good attention to what was said to them and answered several questions readily. They have a good idea of the land in which they live, the state of their birth and the country of which Illinois is a grand part.

It is indeed gratifying to stand before so many bright, intelligent pupils and tell them about places far away and wonderful things which are to be found on this great earth of ours. Not all can go and so it is a pleasure to bring something of the scenes of other lands to those at home.

The pupils of the school are: Ina Stewart, Edith Massey, Marjorie Kitner, Clara Stewart, Rhoda Zachary, Oscar Zachary, Martha Kitner, Lester Woods, Walter Rice, Charles Massey, Marvin Beeley, Thelma Mansfield, Virginia Rice, Corinne Dorsey, Nellie Stewart, Louise Tobin, Marie Tobin, Richard Coghill, Phyllis Crawford, Bennie Walkey, Alice Zachary, Mila Proffitt, Pauline Rice, Beulah Stewart, Margaret Riley, Edward Tobin, Maurice Mansfield, Glen Beeley, Pauline Galley, Myra Mansfield, Frank Dollear, Dona Proffitt, Lester Rice, Ada Galley, Hallie Jones, Ralph Jones, Bennie Vaughn, Jessie Vaughn, Glen Vaughn, Eugene Price, Mae Vaughn, Anna May Parks Rice.

From County Agent's Office

Disposing of Dead Hogs

Inquiry has been made at this office as to whether or not it is lawful to haul dead hogs along a highway. If the hogs have died of a contagious or infectious disease hauling them along the highway is illegal. I quote from a circular furnished by A. T. Peters, the State Veterinarian:

In the matter of controlling outbreaks of cholera any violations of the following provisions of "An Act to prevent the spread of contagious and infectious diseases among swine," should be promptly reported to local authorities and compliance therewith demanded:

"It shall be the duty of the owner or person having charge of any swine to burn or deeply bury in quick lime, the carcasses of all hogs dying of cholera, and to thoroly clean and disinfect by a liberal use of air-slacked lime or other standard disinfectants, all yards and feed lots accessible to hogs affected with cholera."

"No person shall convey upon, or along any public highway or other grounds or any private lands, any swine known to be affected with cholera.

Election of Township Leaders

According to the constitution of the Morgan County Farmers Club it is the duty of the members of the advisory council to call a meeting of the members in his township on the third Saturday in November and elect his successor. The township representatives chosen in this election elect the members of the executive committee on December 15th. Notices were sent out by Pres. Chas. S. Black and Secretary Harry J. Rice requesting immediate attention to the election Saturday. The present members of the advisory council are as follows:

13-8, W. H. Rohrer, Waverly.
13-9, C. L. Hawker, Franklin, Route 2.
13-10, A. R. Hayes, Manchester.
14-8, M. A. VanWinkle, Franklin.
14-9, C. R. Gibson, Franklin; E. R. Hembrough, Jacksonville, Route 5.
14-11, Wm. S. Frost, Route 3, Winchester.
15-8, W. Barr Brown, New Berlin, Ill.
15-9, J. W. Arnold, Arnold.
15-10, Yuba Y. Funk, Route 8, Jacksonville.
15-11, H. E. Kitner, Jacksonville, Route 1.
15-12, Alfred Anderson, Chapin.
16-9, Albert Crum, Literberry.
16-10, Chas. T. Gaines, Route 8, Jacksonville.
16-11, H. P. Joy, Chapin.
16-12, A. G. Brockhouse, Concord.

HENRY RUBLE.

MEDICINES USED BY MONKS

It is claimed that Monks of ancient days knew of more than three hundred species of medicinal plants used in generol for medicines by these religious orders. While centuries have passed, with all the advance made in medical science, many of our most successful remedies are today made from the roots and herbs of the field, like that good-old-fashioned remedy, Lydia E. Pinkham's Compound, which for more than forty years has been relieving women from some of the worst forms of female ills, and is now considered the standard remedy. —Adv.

The magic of sunny CALIFORNIA

Many of us are going to California this winter just because it *is* California.

The name itself has a magic lure.

It means the land of our heart's desire.

We dream of poppies flaming on a thousand hillsides—of sunny valleys leading to the blue Pacific.

The old missions spell romance. And there is the gold of oranges at the rainbow's end.

Just California!

En route—the National Parks, National Monuments and other winter resorts. Hawaii, too.

Ask for information about *Excursion Fares* to certain winter resorts.

"California for the Tourist," and "Hawaii," and other resort booklets on request. PROTEST AGAINST PAYMENT UNDER INCOME TAX ACT

Manila, Aug. 25.—The recent administrative ruling of the federal revenue authorities making American citizens resident in the Philippine islands, liable to taxation under the income tax act of 1918 will be contested here. Payment in every instance, on the advice of attorneys, will be made under protest, and the case carried to the supreme court of the United States.

The tax is criticized as discriminatory. The Filipino, English, Spanish, or any other foreign business man is not subject to it, while the American, in competition with them must pay it, according to the federal ruling.

Mrs. H. LaVerne Schnepp and daughter, Amita of Springfield are visiting at the home of her partnts, Mr. and Mrs. George Weigand on Hardin avenue.

PUBLIC DEMAND FOR LUXURIES CONTINUES

No Abatement in Demand, According to Report from Federal Reserve Bank of Chicago —Demand for Best Quality of Merchandise Insistent.

Chicago—Public demand for luxuries continues unabated according to the September report from the Federal Reserve bank of Chicago on business conditions in the Seventh district. In the language of the statement luxeries "are being gobbled up faster than they can be produced.

"The people will have jewelry and they want the costliest," the report continues. "The watch factories cannot keep up with orders, partly because it is impossible to obtain materials and efficient labor. Prices would go higher but for the policy of one dominant factor, stated thus: 'We do not want to see this vicious circle of advanced prices and costs go on any longer.'"

The demand for silks the report says "is characterized as 'extravagant,'"

Evidence is seen in the middle west of "a rather marked disposition to 'capitalize' present prices and conditions, notwithstanding the fact that they are due primarily to the war." This is indicated, it says, by the land movement where present owners of land, seeking to capitalize present prices of farm products, are exacting higher rentals and holding for higher acreage prices, and by the appeal of the Illinois Agricultural association and the Indiana Federation of Farmers to hold their live stock and grain until a "sane market has re-established itself." If the latter movement becomes widespread, it is declared, it would in a measure defeat efforts to readjust living prices to a lower level.

Efforts to use the cost of living as a lever to obtain high wages and short hours, "thus curtailing production and tending to perpetuate the existing high living costs" are said to make for unrest, and manufacturers "report an attitude among wage earners not to work full time when they have plenty of money in their pockets."

But business in the district is said to be "very good" and "retailers are selling all the goods they can get, at high prices, making enough money to cover the increased cost of doing business."

"The demand for the best qualities of merchandise is insistent and, regardless of newspaper headlines, the people appear to have money in pocket to pay for whatever they fancy."

MINING OPERATIONS LONG CONTINUED

The Pas-Man—Investigations perts in the wild regions north of which were begun by mining exhere, shortly after the recent gold strike near Athapupuskow, are said to have disclosed the fact that mining operations have been in progress in the Hudson bay region for more than two hundred years.

The Hudson Bay company, which holds perpetual land grants and mineral rights has been doing the mining, according to preliminary reports received here. It is understood that the mining industry in that region was more or less of a secret but that the only reason for secrecy was to keep adventurers from trespassing on company property.

Many years ago the Hudson Bay company received its first grants from France. A century ago, when England and France disputed title to the northwest wilderness, the Hudson Bay company ruled this vast region with supreme authority. The mines, it is said, were discovered in 1710 and have been worked ever since.

FINANCIAL AND COMMERCIAL

The Cuba Sugar Corporation is reported to have arranged for the underwriting of $25,000,000 unsecured 10-year 7 per cent debenture bonds, convertible into common stock at $60. The bonds will be offeffred to preferred and common stockholders at par.

The J. I. Case Plow Works Company reports gross business of $4,128,0_9 for the first three months of the fiscal year to Oct. 1, compared with $2,104,574 for the corresponding period of the preceding year. This is at the rate of more than $16,000,000 a year.

The American Safety Razor Corporation has acquired a majority of the stock of the Jay & Johnson Box Company, a New Jersey corporation with a factory at North Zergen, N. J. The factory will produce standardized boxes for the Ever-Ready, Gem and Star plants.

Robert Reis & Co., distributors of Reis and Manhattan underwear, has been recapitalized and $2,000,000 of 7 per cent cumulative stock has been underwritten by Goldman, Sachs & Co., Lehmar Bros., and White, Weld & Co. The stock will be offered at once.

Nelson L. Barnes, president of the Globe Oil Company, has been elected president of the Texlahoma Oil Corporation with which the Globe company is being merged. John O. Mitchell, former president of the Texlahoma company, has been made chairman of the board of directors.

Directors of the Texas Co. plan to call for retirement, probably Jan. 1, $15,415,000 of 6 per cent debenture bonds, maturing Jan. 1, 1931. The bonds are redeemable at 105, and funds for payment will be derived from the sale of $42,500,000 additional stock at par.

The $11,290,000 of 6 per cent gold bonds of the Great Northern Railroad, due Nov. 1, will be extended by an issue of three-year 7 per cent notes which bond holders may take in exchange. The road operates lines in Texas and is a re-organization of the International and Great Northern Railroad.

This year's deficit on Swiss railways is estimated at 200,000,000 francs.

Boston refineries received 54,293,120 pounds of Cuban raw sugar during October.

The Willys Corporation has let contracts for new factory buildings at Elizabeth, N. J., which will cost about $4,000,000.

Des Moines, Ia., has sold to a New York investment house an issue of $1,025,000 waterworks 5 per cent bonds due June, 1929-69.

C. E. Wells & Co., and Harvey Fisk & Sons, New York, have sold 70,000 shares of Superior Oil Corporation stock at $20 a share.

Charles H. Markham has been elected chairman of the board of directors of the Central of Georgia Railroad Co., succeeding Charles A. Peabody, resigned.

The United Railways Investment Co.'s annual report for the year ended June 30 shows total income of $1,666,192, compared with $1,703,508 in the preceding year.

The Famous Players-Laskey Corporation has opened six branch offices in Canada and distribution of its films will be made by a Canadian subsidiary, with headquarters in Toronto.

Chicago bank clearings for October set a new high record at $2,814,673,911, which exceeds the previous high mark of July by $138,366,188. The total for October, 1918, was $2,340,992,061.

In the three months ended Sept. 30 the Republic Motor Truck Co., reports net sales of $6,264,773; net earnings of $664,951, and balance after charges, but before Federal taxes, of $520,903.

LARGE VOLUME OF STOCKS TRANSFERRED

NEW YORK, Nov. 12.—On the largest volume of transactions this year and the highest money rates in twelve years the stock market today took further heed of the warnings issued from final quarters and continued its process of liquidation.

In the course of this operation stocks of the most speculative or mercurial variety experienced additional losses of 10 to 25 points.

General Motors was again in a class by itself, making a perpendicular descent of 6½ points.

A ew stocks notably U. S. Steel, investment rails and metals, were immune rom the general attrition of values, their losses being comparatively slight. Call loans opened at the familiar rate of fourteen percent, holdiug at that quotation until the third hour of the session when 20 percent was demanded. nI the last half hour, 30 percent was paid, the closing being five percent under that figure. The market was virtually bare of time funds, eager bidding at eight percent failing to bring out more than a nominal amount of money. Foreign exchange was again unsettled, a weak tone prevailing at the close. Sales amounted to 2,550,000 shares. Of this total over 800,000 changed hands in the last hour, the ticker being forty one minutes late in recording the day's business. All classe of bonds, domestic and foreign were depressed on extensive offerings. Total sales (par value) aggregated $16,650,000.

New York, Nov. 12—CORN—Spot firm; No. 2 yellow and No. 2 white $1.73¼ cost and freight, New York.

OATS—Spot easy; No. 1 white 82c.

CORN RECEIVES ANOTHER SETBACK

CHICAGO, Nov. 12.—Lightness of money rates together with acute weakness of stocks, hogs and foreign exchange did a good deal today to bring about material setbacks in the value of corn. Prices closed nervous 1¾c to 3⅛c net lower, with December $1.30⅜ to $1.30½ and May $1.24½ to $1.24¾; oats lost ½c to ⅝c and provisions 17c to 65c.

Corn showed a downward tendency as soon as the market opened, but the initial impulse seemed due mostly to predictions of excessive low temperatures for this season of the year. Such weather conditions were looked upon as likely to facilitate the crop movement and as therefore bearish. On the opening decline shorts covered freely and a reaction carried the market to above yesterday's finish but then the tension in regard to money as well as the demoralization of the stock market and of sterling besides new breaks in the price of hogs proved too depressing to be withstood by holders of corn. Values now gave way rapidly and numerous automatic stop loss orders to sell were forced into operation just before the close. Talk of export business failed to uphold oats after corn plunged downgrade.

Packers selling added to weakness that dprovisions develope with grain and hogs.

EAST ST. LOUIS LIVE STOCK

QUICK RELIEF FROM CONSTIPATION

Get Dr. Edwards' Olive Tablets

That is the joyful cry of thousands since Dr. Edwards produced Olive Tablets, the substitute for calomel.

Dr. Edwards, a practicing physician for 17 years and calomel's old-time enemy, discovered the formula for Olive Tablets while treating patients for chronic constipation and torpid livers.

Dr. Edwards' Olive Tablets do not contain calomel, but a healing, soothing vegetable laxative.

No griping is the "keynote" of these little sugar-coated, olive-colored tablets. They cause the bowels and liver to act normally. They never force them to unnatural action.

If you have a "dark brown mouth"—bad breath—a dull, tired feeling—sick headache—torpid liver—constipation, you'll find quick, sure and pleasant results from one or two of Dr. Edwards' Olive Tablets at bedtime.

Thousands take them every night just to keep right. Try them. 10c and 25c.

HOME MADE RECIPE CATARRH AND COLDS

Nonexpensive—Cut This Out.

Thousands are making this beneficial remedy at home and anyone who has catarrh or a cold can do the same.

Ask your druggist for three quarters of an ounce of Mentholized Arcine and pour it into a pint bottle, then fill the bottle with water that has been boiled.

Gargle the throat as directed and snuff or spray the liquid into the nostrils twice daily. It's a simple way to get rid of cold and catarrh and keeps the nasal passage and throat so clean and healthy that germs of flu or any other germs will have a hard time gaining a foothold.

WAS NERVOUS AND RUN DOWN

RESTORED TO NORMAL HEALTH BY BIO-FEREN

"I feel I owe you people a world of gratitude for the benefit I have received in using your wonderful remedy—Bio-feren Tablets, which have completely restored me to normal conditions," says Joseph E. Webb of Muncie, Indiana.

Bio-feren is without doubt the grandest and quickest remedy for nervous, run down, weak, anemic men and women ever offered direct through the druggists and is not at all expensive.

Take two after each meal and one at bed time, and after seven days take one after each meal and one at bed time until the supply is exhausted.

Then if you feel that any claim made in this special notice is untrue—if you are not in better health—if you do not feel ambitious, more vigorous and keen minded, yes, twice as much as you did before, the druggist who sold you the tablets will gladly hand you back just what you paid for them.

All druggists in this city and vicinity have a supply on hand, or can easily get it for you.

Seven a day for seven days—Wonderful results.

WORTH WHILE GIRLS IN REGULAR MEETING

Manchester Organization Met With Miss Mabel Blackburn—Manchester News Notes.

Manchester, Nov. 12.—The Worth While Girls held their November meeting at the home of Mabel Blackburn Tuesday evening. A short program and games were enjoyed after which refreshments of fruit salad and cake were served. Our December meeting will be with Hazel Duncan.

A short program was given at M. E. church November 11, 1919, for observing Armistice day.

After working near Virden in a revival meeting three weeks, we were glad to welcome our pastor Rev. Fred Peek back to his work and enjoy his excellent sermons Sunday morning and evening.

Miss Hazel Walker is visiting relatives in and near Murrayville this week.

Howard McCracken and family moved to the home of Charles McCracken Wednesday. Mr. M. Cotter having purchased the house Mr. McCracken vacated.

Eugene Rochester is spending the week with his mother, Mrs. N. J. Rochester.

Mrs. George Blackburn and Mrs. S. A. Wilson spent Saturday in Jacksonville.

Miss Nellie Duncan went to Passavant Hospital where she had her tonsils removed.

Mrs. Glen Pfeifer left Wednesday for a visit with her parents Rev. H. L. Hanks of Kane.

Mrs. E. H. Whitlock of Jacksonville spent Tuesday with Mrs. John Duncan.

Mr. and Mrs. Lloyd Ross are visiting with Mr. and Mrs. Mayo McPherson this week.

Henry Windsor and granddaughter Letha Harnes have been visiting Frank Windsor and family, returned to their home near Peoria Saturday.

Nora Smith spent Monday in Roodhouse.

John Blakeman and family of near Jerseyville moved here to their new home only recently purchased from Sam Grant. Mr. Blakeman will be second trick operator for C. & A. station here.

Tressa Cockran of Jacksonville visited friends here Monday evening.

Hazel Duncan spent Monday shopping in St. Louis.

Those taking the examination for post office here were: Chas. Smith, Mrs. H. O. Hudson and Mina Greenwalt.

LISTEN!

We are offering for sale, a cough drop that is MADE BY US from a formula by a celebrated Western throat specialist. It is simply wonderful in stopping a bad cough. We sell it with a positive guarantee that if it does not help you, we will refund your money.

HOW TO IDENTIFY YOUR CAR

Secret Marks Will Circumvent Thieves, an Expert Says

From the Boston Transcript.

Taking into consideration the thorough methods used by automobile thieves of today in disguising the car they handle, how many motorists whose machines have been stolen can identify their property when asked by the police to do so?

The fact that their car was of a certain body type, was painted a certain color and was shod with a certain make of tires means nothing when the thief gets thru, for if the car is recovered it usually has been repainted and various other changes made in its appearance. It often happens that two or three car owners will claim the same machine, and unless one of the number has some positive feature that he can point out the question of ownership cannot be settled.

In the current issue of Motor Frederick C. Russell has a timely article in which several methods by which positive identification may be made are explained.

One is to pull out some of the upholstery tacks, slip the owner's visiting card beneath the leather and then replace the tacks. Another is to scratch the initials inside the hub cap, or inside the rim of the headlights. Extra holes may be drilled and screws inserted along the edge of the running boards, the initials may be scratched inside the fuel tank cap. By using the punch the initials may be placed on various hidden places about the frome such as the axles, tac. Still another plan is to drill a hole at a stated place in the frame and fill it with lead. There are many other methods that will suggest themselves, but Mr. Russell advises anyone who follows this plan to make a complete chart of the identifying marks as memory is often tricky.

Shines and Protects the Shoes

Eagle Brand Polish for Black and Tan Shoes not only produces a most brilliant and lasting polish, but it preserves the leather. Pure wax and oils only are used. It contains no acids or spirits of any sort.

EAGLE BRAND Polish
For Black and Tan Shoes

"Stay-Shine" is for black shoes only. It removes dirt, softens the leather, while it produces a lustre that is brilliant and waterproof.

Eagle Brand Paste Polish is made in Black, Russet, Oxblood and Brown, and it is equally effective in polishing any one of them.

There are no better polishes made than Eagle Brand—and there is a dressing for every shoe in this line. Ask for them by name. Sold by all good drug, grocery and shoe stores.

Daintiness of American Women Praised

French Lieutenant says Relief from Perspiration Annoyance Responsible

"The charm of American women is undeniable," said a French Lieutenant recently just before his return to Europe.

"I have tried to analyze this charm to find out just what it was—beauty—refinement—pep, as you say.

"Daintiness is, after all, the real charm of American women. I have been told they achieve this perfect daintiness by using ODORONO, the toilet preparation that checks excessive perspiration, and keeps the underarms sweet and dry.

"It is typical of you Americans to find something which assures you of absolute personal cleanliness, and then to adopt it so universally that it leaves the stamp of 'perfect daintiness' on all American women."

ODORONO, mentioned by the lieutenant, is the leading toilet preparation for relief from excessive perspiration, and the sure means to perfect daintiness. It was prepared by a physician, and is endorsed by medical authorities. Be sure you get the genuine ODORONO at all druggists and department stores. 60 cents and $1.00. Trial size, 20 cents.

ELM GROVE

Mrs. William Colton of Woodson spent a few days recently with her daughter Mrs. W. F. Scholfield and family.

Miss Bertha Welsh spent Wednesday afternoon with Miss Ruth Hamel.

Mr. and Mrs. J. T. Ranson spent Wednesday evening with Mr. and Mrs. Joe Barnhart.

Mrs. Fred J. Scholfield is on the sick list.

Mr. and Mrs. Irvin Watt and son were Sunday guests of Mr. and Mrs. Walter Lewis.

Mr. Joe Barnhart and George Glover took Sunday dinner with Mr. and Mrs. R. R. Ragan.

Misses Mary Elizabeth and Emma Welsh spent Sunday afternoon with Marie and Belle Lewis.

Mr. and Mrs. Luther Culp spent Sunday afternoon and night with Mr. and Mrs. J. T. Ranson.

Mr. and Mrs. R. R. Ragan spent Sunday afternoon with E. R. Angelo who is not so well.

William Fearneyhough celebrated his birthday Sunday. His children and grand-children were all present; also Mr. and Mrs. Alex Currier and son, Harry.

Miss Francis Scholfield is now on crutches, the effects of a sprained ankle.

Mrs. Lulu Barnhart returned home Monday after attending the funeral of her brother-in-law, J. W. Murphy of Palmyra.

Mr. and Mrs. Theodore Angelo and J. T. Ranson were Jacksonville visitors Tuesday.

DID YOU EVER USE SLOAN'S?

Keep it handy to promote prompt relief from rheumatic pains and aches

WHEN you *know* what Sloan's Liniment will do, as thousands of men and women the world over know, you, too, will keep it handy. You will use it for those "twinges of rheumatiz," for relieving that lame back, muscle stiffness and soreness, aches, all sorts of external pains, and exposure aftermaths.

Only takes a little, applied *without rubbing*. Soon *penetrates*, scattering the congestion, bringing merciful relief to the throbbing, jumping part.

Three sizes — 35c., 70c., $1.40. Any druggist has it. If not, we'd like to know his name.

Sloan's Liniment Keeps all handy

EXPLANATION FILMS ARE DENOUNCED

Removal of Censorship on Moving Pictures Results in Flood of So-Called Explanation Films—Are Declared to be Actually Serving Immoral Purposes.

Berlin, Nov. 11—(Correspondence of The Associated Press.)—Removal of the censorship on moving picture films has resulted in a flood of so-called "explanation" films theoretically to instruct the public in moral matters. It is claimed these actually serve an immoral purpose.

Denouncing these films, Dr. Schweisheimer in the German Medical Weekly, writes:

"Under the guise of scientific seriousness and alleged education of the public all possible sex problems and developments are pictured in the most sensational way.

"Through such films, which already have become a genuine pest to the motion picture business, exactly the opposite of that is achieved which the good film attempts. From the standpoint of social hygiene and the explanation to the public of the dangers that threaten health, these films may be branded as nothing less than a rank deception and evil. The efforts toward fighting social diseases will make no gain in this way, but are threatened by a new grave danger."

IRON SHIP BUILDERS IN FAVOR OF STRIKE

Toledo, O., Oct. 9.—If a strike occurs in the thirty one shipyards on the Great Lakes, more than three thousand men will be affected here, according to officers of local labor organizations who declare the four organizations of iron ship builders have voted almost unanimously in favor of the strike.

L. H. Bathurst, general secretary of the boilermakers and iron shipbuilders for the Great Lakes, whose headquarters are here, said he expects the outcome of the strike vote now being taken in other districts will be for suspension of work.

A month ago shipyard owners were notified that a new scale of wages would be demanded to become effective October 1. The scale calls for $1 an hour for all men receiving eighty cents an hour or upward and a corresponding increase for apprentices and semi-skilled workmen.

The Toledo Shipbuilding Co. recently posted notices in its plant that the wage demands would be rejected. The company is building ships for the Emergency Fleet Corporation.

G. B. Keysar of Bloomington traveled down to the city yesterday.

Warns Influenza Will Come Back in More Dangerous Form

Dayton, O.—Declaring that people gained nothing from their experience with the ailment in 1918 and 1893, Dr. W. A. Evans, prominent health authority and writer of Chicago, today predicted that the world would again be swept by an epidemic of inuenza far more severe and disastrous than last year when thousands of lives were lost. The only way it can ever be alleviated or exterminated is by following the advice of the medical world.

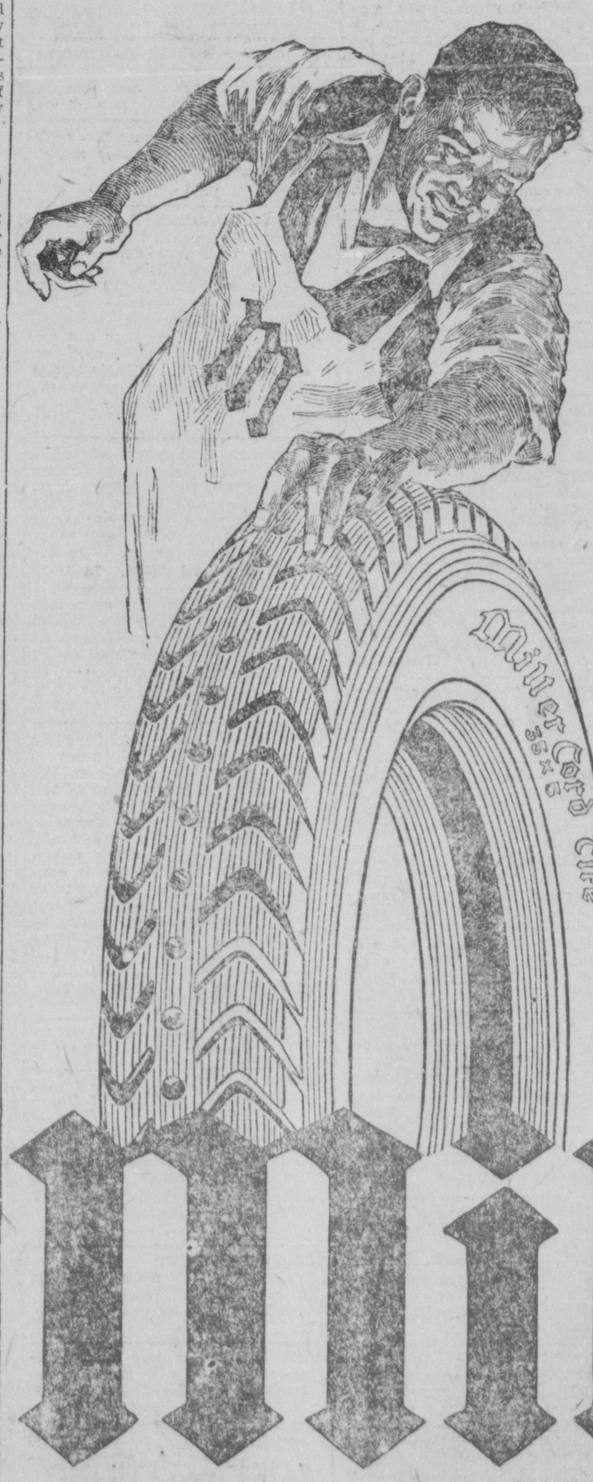

Inuenza can be prevented, last year's results prove that. As a preventive for flu, Turpo has been a pronounced success. Turpo is an effective germicide, combining the old-fashioned remedies of turpentine (which has always been known as the best home germicide), camphor and thol in a pure mineral These ingredients have long recognized as affective germ as well as having really w ful qualities in relieving and congestions. Snuff a Turpo up the nostrils s times a day and the flu germ have little chance of gett lodging and breeding place. physicians and hospitals us recommend Turpo. Buy a cent jar of Turpo, while druggist has a supply on and use as directed. Last druggists could not supply th mand. Remember that Turp preventive, not a cure for enza. Take care of yoursel if, in spite of your precau you think you have the flu, bed at once and call a doctor

Equip Your Car With Millers Get Long Distance Mileage

FORMERLY motorists had to depend upon luck in their tire buying. Occasionally a "lucky" tire would give unusual mileage. Others of the same make would blow out after 500 or 1,000 miles.

Then Came Millers

In Millers there are no "unlucky" tires. Every one wears alike under the same conditions. *All* are long distance runners. *Casing after casing, these tires outrun all standard mileage guarantees.*

There is no mileage limit on Miller Tires. Each is guaranteed against imperfections in material and labor *regardless of the mileage run.*

In addition to uniform long distance mileage, Miller Tires give you utmost safety. The famous Geared-to-the-Road Tread engages the ground as you go. This protects you against skidding and slipping on rough, rutty roads, and slippery pavements.

Now Stop Experimenting

Get your set of Millers NOW. Once your car is equipped with these uniform long distance runners your tire troubles are ended.

Drive up any time and we will have a pair of Millers on your car in a jiffy. Or simply call us on the phone. Don't take a *chance* with others, when you can be *sure* with Millers.

NEW GARAGE WILL SOON BE OPENED

Vernon Rexroat Buys Baker Building on North Sandy Street—Martin & Martin to Seek New Location.

On Saturday afternoon the business property located on the corner of North Sandy and West North streets, owned by Dr. E. F. Baker and occupied for a number of years by Martin Bros., passed into the possession of Vernon Rexroat, the building to be occupied by the new automobile firm of Rexroat & Deppe. The deal was made by E. B. Wiswell, as real estate broker.

The ground transferred is 90x120 feet and is occupied by a two story brick building 60x80 feet, and while the building is an old one in point of years it is strongly built and admirably suited for the purpose intended.

When seen Saturday afternoon Messrs. Rexroat & Deppe stated that it was their intention to do considerable remodeling in order to give proper display room for their cars, the Anderson and Apperson. A stock room, repair shop and storage space, will be provided giving the public an up-to-date sales, supply and service station.

Messrs. Martin Bros. stated that they had no plans for the future except that they have no thought of going out of business and that they already had set about looking for another location, and didn't believe they would have to hold the new owners out of their purchase for very long.

It is understood that Dr. Baker has owned this property for about twenty years. It was erected some years previously for the late George Jameson who operated an extensive blacksmith and wagon shop in a portion of it, the remainder being devoted to farm implements Thru all the years the building has housed farm implements, wagons and machinery.

Velvet Edge applied to stiff collars make the neck glad. FRANK BYRNS sells it for 15c per package.

WINCHESTER

Winchester, Jan. 17.—The three weeks' old son of Mr. and Mrs. Elmer Christison passed away Saturday morning at the home. The parents have the sympathy of their many friends. Funeral services will be held Sunday afternoon at the residence in charge of Rev. W. B. Morris.

Boone Martin who has been ill the past two weeks with the mumps is improving nicely.

N. G. Miner of Rochester, N. Y., is visiting his father, Dr. James Miner.

Cal Simmons who has been quite ill with the mumps at his home west of town is improving in health.

The box social given by members of the Sophomore class of the High School at the grade school building Saturday evening was quite a success and well attended. A short program was given and later many pretty boxes were sold for good prices.

Everett Gibbs, son of Mr. and Mrs. Edgar Gibbs, east of town, has been quite ill with the mumps but is slowly improving.

A union service will be held at the Baptist church Sunday evening in celebration of the death of John Barleycorn.

STATE HOSPITAL

Dr. and Mrs. E. L. Hill returned last evening after several days' visit in St. Louis.

Miss Alice Ottwell is detained at her home by illness.

Miss Anne Hinrichsen of Springfield was a business visitor at the hospital Friday and Saturday. Miss Hinrichsen represented the state department of Public Welfare and made a tour of inspection of the institution with Dr. Fremmell.

Three of the stenographers yesterday took a civil service examination at Brown's Business College for the position of institution stenographer. Those taking the test were: Misses Grace Stewart, Clara Sehy, and Leah Walters.

LITERBERRY

Literberry, Jan. 17.—Among those from Literbery who visited Jacksonville Saturday were Reaugh Jennings, Mr. and Mrs. J. W Young, Miss Lula Henderson, Mrs. William Hull, Mrs. Earl Underbrink, Mildred and Billy Underbrink, Mrs. W. W. Young and daughter, Miss Aileen, Walter Long, Arthur Johnson, Floyd Martin, Oliver Lindsey, Alonza Ratliff and Walter Roach.

WILL VISIT MARKETS.

Stanley Wright of the People's Furniture Co., expects to leave Monday for a trip to the furniture markets in Grand Rapids, Mich. He will also spend a few days in Chicago on business.

MRS. G. W. PUFFER DIES IN WISCONSIN

Wife of Former Business College Teacher Passes Away—Leaves Husband and One Daughter.

James I. Graham received a letter yesterday from Prof. G. W. Puffer, formerly with Brown's Business College in this city, telling of the death of his wife which occurred a week ago last Sunday at Fon Du Lac, Wisconsin. Mrs. Puffer had been in ill health for the past two years. When the family left here they went to Fon Du Lac where Mr. Puffer puprchased a business college which is known as the Fountain Head Business college.

CANTON HIGH WINS AT JERSEYVILLE

Team Which Defeated Jacksonville Friday Night Wins Last Evening by Score of 27 to 23.

Jerseyville, Jan. 17. (Special)—Canton and Jerseyville tonight engaged in one of the fastest basketball contests ever witnessed here, the visitors winning 27 to 23. There was little to choose between the teams and the result was in doubt up to the last minute of play. Both centers scored 14 points for their respective teams.

The line-up:

Canton	F.G.	F.T.	Tot.

PROBE OF NAVAL AFFAIRS TAKES A NEW ANGLE

(Continued from Page 1)

against German cruiser raids, there was long delay before the request was even acknowledged and finally it was refused. In the following November the letter said the chief of naval operations arrived in Europe and immediately thereafter cabled instructions to send the battleships. Two to six months could have been saved, Admiral Sims declared, if he could have appeared in person daily in Washington as little attention was paid to his cabled recommendations. The recommendations of the navy department's representative based on conferences with the allied commanders should have been accepted and immediately acted upon, the letter said, and characterized the navy department's policy in this respect as a violation of the fundamental principles of warfare which continued thruout the war.

Admiral Sims declared that failure to heed his early plea that destroyers and light craft be hurried and to assign him any staff officers except the aide who accompanied him abroad, which continued for four months, caused him serious diffisulty.

To great a desire to protect the coast of the United States at the imminent risk of losing the war was manifested by the navy department the letetr declared.

The department was repeatedly assured that the allies at all times had remarkedly accurate information as to the movements of submarines," Admiral Sims said, 'and it is practically certain that they could not reach our coast or even leave European waters without advance information being supplied. Subsequent events proved this assurance to be corect. No submarines visited our coast until May, 1918 and the department was in all cases informed when they started across and often as to their exact destination.

"I tried to induce the department to view the campaign as a whole, to consider our naval forces as one relatively small item of an allied naval team, that our mission was the protection of all allied lines of communication and not the United States line of communication alone; that it was quite possible to give our relatively small commerce," quite superior protection at the expense of losing the war by denying essential protection to the vastly greater allied commerce upon which the success of the common cause chiefly depended.

Had Only One Aide.

When he asked for more aides, he was told they were "not available" Admiral Sims said, adding that the term "not available"should have been applied to any other naval activity than the direction of American naval forces in Europeon waters. He contrasted with General Pershing's original staff of fifty officers, his one aide.

"At no time during the war was I permitted to select my subordinate flag commanders and but few of my subordinates," Admiral Sims declared.

When the house naval committee asked for complaints he had made, Admiral Sims said he received a cablegram from Admiral Benson, chief of operations telling him that a "strong positive statement," was highly desirable. Knowing that his reply must become public information and that any criticism therein would give aide and encouragement to the enemy Admiral Sims said he framed an answer on the basis that those at the front must take what those at home said.

THREE WINNIPEG PAPERS ARE FORCED TO SUSPEND

Winnipeg, Jan. 17.—Because of the shortage of newsprint, the three daily papers of this city announced today that they would suspend publication tomorrow. The three editorial staffs will unite in issuing a one-page paper containing only the most important news which will be mailed to country post offices and placed on bulletin boards.

Gay Hutson and party of Hutson Bros. Auto Co., returned Saturday night from Springfield, driving in three new Maxwells.

DESCHANEL NEW PRESIDENT OF FRENCH REPUBLIC

(Continued from Page One.)

escort that presented arms, received the ministers parliamentarians, and parliamentary newspapermen, who were formally presented to him. To them he made a brief separate address expressing his thanks and a promise of cooperation.

Comments on Election.

New York, Jan. 17.—Commenting on the election of Paul Deschanel as president of the French Republic, Maurice Casenave, director general of French services in the United States said today:

"The defeat of M. Clemenceau in the presidential election has no political significance. There has been no political change in the balance of power in the French chamber, the French president being without responsibility according to the rules of parliament government is no more an active force in political life than is the king of England.

"The defeat of M. Clemenceau signifies only that the presidential electoral college was under the impression that a man of his forceful character was less suited to the office of president than to that of prime minister, who is the real head of government of France, being directly responsible to both chambers.

"M. Deschanel is the son of one of the founders of the third French republic. He is a man noted for his high character and great intellectual distinction. His patriotism and eloquence have made him known thruout France and he has for some time been a member of the French academy. He has repeatedly been elected president-speaker of the French chamber of deputies and this office has always maintained the respect of the chamber thru uniformly upholding strong Republican and moderate ideals."

SPALDING INSTITUTE DEFEATS MARQUETTE

Franklin Players Lose Hard Fought Basket Ball Game by Score of 15 to 21.

Franklin, Jan. 17.—(Special.)—One of the largest crowds that even witnessed a basket ball game in Franklin went wild from the start of the battle in which Spalding Institute of Peoria emerged the victor over the Marquette quintet by a score of 21 to 15, the closest score the visitors have had this season. A number of times thruout the exciting struggle the score stood alike for both sides, and it was not until the last few minutes of play that the visitors, breaking thru the wonderful defense of Bergschneider and Harmon, were able to forge ahead. Not one of Spalding's points was scored except from three yards beyond the center lines. Reed was the principal point winner for the local team, hitting the basket for a total of nine points. Rawling, Ryan and Burchett also were in excellent form.

For Spalding, Driese at right guard made six field goals, while Brickerd and O'Donnell acquired two baskets each. Spalding has won twelve games this season, without losing a contest.

The line up:

Franklin:	F.	G.	F. T.	T'l.
Reed, f		4	1	9
Burchett, f		1	0	2
Ryan, f		1	0	2
Rawlings, c		1	0	2
Harmon, g		0	0	0

SENATOR FALL ANSWERS CHARGES.

San Antonio, Texas, Jan. 17.—Replying to charges by a Texan newspaper that he had interests in Mexico, that prevent him from being a disinterested investigator, Senator Fall today went on the witness stand and under oath stated his holding there were $75,000 of mining stock acquired years ago.

Social Events

Birthday Dinner For Mrs. Martha Reed.

A surprise birthday dinner was given Friday for Mrs. Martha Reed, the event being planned by her children. The house was prettily decorated for the occasion, red and white carnations being used with fine effect in the dining room. A large white birthday cake bearing 65 candles had a conspicuous place on the dining table. The dinner was served at 6 o'clock and was one that every one present thoroly enjoyed.

The guests were: Mr. and Mrs. Otis Hoffman, Mr. and Mrs. William Hoffman, Mr. and Mrs. Harry Timmons and son, Truxton, Mr. and Mrs. James Hurst, Mrs. Mary Minch, Armand Train and Mrs. Martha Reed.

Mr. and Mrs. Pat Crotty Gave Dancing Party.

Mr. and Mrs. P. J. Crotty of Woodson gave a party Friday evening. Dancing and music was the chief diversion. Delicious refreshments were served. Among those who were present were: Mr. and Mrs. Myles Fitzpatrick and family; Margaret Fitzpatrick of Waverly; Ruth and Bernardette Cosgriff, Florence, Stella and Lizzie Doolin, Clara Begnel, Mary Murphy, Sadie, Lucille, Myrtle and Margaret Butler, Monica Riley, Margaret Lyons, Delia Flynn and Alma Connolly. Messrs Timothy and Gene Murphy, Geo. Burns, Joe Koyne, Thomas, Mike, Francis and Eddie McGrath, Joe Riley, Thomas, James and Clarence O'Connell, Amby Carrigan, Harry Doolin, Wm. Casey, Jack Butler, Thos. Cosgriff, Lewis, Gene, and Thos. Begnol, Leo and John Coleman, Ray Winters, Thos Connolly, William, Jerry, Charlie and Bob Flynn, Louie, John, Thomas and Leonard Mandeville, Jake Obert and John Koyne.

Announcement Party at Chapin Yesterday.

A party of more than usual pleasure and interest was given Saturday afternoon by Miss Margaret Eagan at the home of Mr. and Mrs. Grover Smith in Chapin. About twenty-five of Miss Eagan's friends were invited to the sewing and at the close of an afternoon very delightfully spent in this manner, little Margaret Danford entered the room attired in a dress made of pink crepe paper and carrying pink roses. Attached to each flower was an envelope. Each guest was presented with a rose and upon opening the envelope found a heart which had been cut in pieces. The paper heart upon being assembled was found to bear the announcement of the engagement of Miss Eagan to Elmer Nieman of Colorado Springs, Colo., the wedding to take place in February. Mr. Nieman is an architect and one of the prominent business men of his home city. Miss Eagan and Mr. Nieman became acquainted several years ago when Miss Eagan was visiting her brother in the western state. After congratulations, refreshments were served. Miss Mary Black assisted Miss Eagan during the afternoon. Among the out-of-town guests were Mrs. Ruth Teft of Petersburg and Mrs. Whipple of Decatur.

Entertains in Honor of Son's Birthday.

Mrs. Walter Schildman of Ashland avenue entertained a number of small friends at her home Friday afternoon in honor of her son, Russell's twelfth birthday. Those present were: Bernice Abernathy, Lena Arenz, Frances Muehlhausen, Florence, Ethel, Midred and Doris Johnson, Elizabeth and Russell Dean Sargent, Charles Roberts, Richard and Roscoe Godfrey and Wilbur Rogers. Games were played in which the following persons won prizes: Bernice Abernathy, Ethel Johnson and Roscoe Godfrey. Refreshments were served after which the guests departed wishing their host many happy returns of the day. Mrs. Schildman was assisted in the entertaining by Mrs. Hiram Johnson and Mrs. Logan Sargent.

Literberry Family Entertains Friends.

Mr. and Mrs. James Roach entertained at their home, three miles east of Literberry Thursday evening in honor of their daughter, Miss Berthie, who is soon to wed Mr. Charles Goolsby, of Literberry. The dining room was decorated in red and yellow, and the parlor in blue and white. Dancing and card playing were the chief features of the evening. Music was furnished on the violin by Oliver Lindsey and Roy Winner, and on the organ by Gladys and Eula Lindsey. There were about twenty five present. After the program dainty refreshments were served.

Illinois College Club Enjoyed Circus Last Night.

The Illinois College Social club met at the circus grounds at Academy hall Saturday evening. The first part of the evening was spent in observing and passing comments on the various animals some of which are occasionally seen about Illinois College campus. After enjoying the circus, girls served refreshments consisting of lemonade and ice cream cones. All the sight seers and especially the members of the faculty present seemed to enjoy themselves thoroly.

Deaths

Faurot.

Mrs. J. J. Dunavan has received word of the death of her granddaughter, Mrs. Marguerita Faurot. Mrs. Faurot formerly lived in this city and will be remembered by her friends as Marguerita Dunavan. Funeral services will be held in Danville, Ill., on Monday.

ZAHN WILL PAY $25 FOR SUITABLE NAME

Huge New Garage to Be Built—Wants a Name—Contest Open to Students—Winner Gets $25.

Howard Zahn is going to build another big garage, on the "Billy Sunday" lot, and he wants a suitable name for it, a name that perhaps will be a little out of the ordinary yet will be remembered. Mr. Zahn is going to let the school boys and girls of this territory name the new building and will pay $25 cash for the name chosen.

Here is the way to go at it. Think up a name that appears to you to be suitable. There must not be incorporated the name of any make of autombile and the complete name must include that of Zahn so as to show ownership and operation and will distinguish it from the present Zahn's Garage on East Morgan street. For your information, the new garage will be run on the same principle as in the present one.

Mail your choice of name, together with a letter giving your reasons for thinking the name offered is particularly suitable, to Howard Zahn, proprietor, Zahn's Garage, Jacksonville, Illinois, at any time between now and February 10, 1920.

As the letters are received they will be stamped with date and hour by the Time Clock at the garage so that in case of a tie between two or more sending in the lucky name, the first one received will be awarded the prize.

On February 11, 1920 the letters will be given to a committee composed of Messrs. Newman, Hopkins, Waltman, Whalen and Peck, to choose the name that the new building shall bear.

This contest is open to all school children in this territory under twenty-one years of age.

Here's your chance for $25, just for a little thought and the writing of a letter setting forth your reasons for the name chosen.

No person connected in any way with the garage, its owners or employes is eligible in this contest.

The name and letter of the successful boy or girl will be published in the Journal as soon after February 11, as possible.

MEDICAL CLUB MET SATURDAY NIGHT

Meeting Was Held With Doctor Bowe—Officers Are Elected

The Jacksonville Medical club met Saturday evening with Dr Edward Bowe at his office. It was the meeting for the election of officers and the following were chosen:

President—T. G. McLin.
Vice president—T. O. Hardesty.
Secretary—W. H. Weirich.

The paper of the evening was by Dr. A. H. Dollear. Following the business meeting Dr. Bowe served refreshments.

Better Light for Less Money
BY USING
THE COLEMAN QUICK-LITE

A 300 candle power "Quick-Lite," burning the average number of hours each evening that any family requires, will cost but 10c per week to operate. No other lamp can duplicate this record for economy.
The "Quick-Lite" makes its own gas from common gasoline. It is safer than an oil lamp and easier to operate. Lights with the heat of a match—no torch or alcohol needed. It creates no dust, smoke or smell and has no chimney to break. It is made of brass and will last a lifetime.
The "Quick-Lite" makes a brilliant white light—the kind that is easy to read by.
No farm home should be without this lamp—and you city folks could save lots of money through their use.
We are selling lots of them—and they are proving every assertion we make.

North Side Square

More About That "Kidding"

Last week I gave you a little talk based on the "kidding" that someone thought they were giving me.

Now, the unfortunate but true part of it is that the joke is all on the other fellow.

I wish I had at hand a few tables of statistics showing the total wool produced in the world and the present demand. Anyway, I'll give you a few facts. As an illustration, it's just like this:

Enough wool is produced in a country to properly clothe fifty million people, but there are one hundred million to clothe. On top of this consider for one moment the peoples of those nations devastated by war where production in all lines for years was slowed up or entirely wiped out. They must be clothed, and those nations are bidding heavily in this and all the wool markets of the world. For these same reasons we have been unable to import woolens.

The facts are that there are hundreds of millions to be clothed and but a few million pounds to go around, and it will take a long, long time for production to catch up.

The increased cost of labor and every other item that enters into a suit or overcoat also has had its effect. Costs vary in different communities because of conditions existing affecting manufacture, but as to the accusation of profiteering brought by my waggish friend, we defy him to find it in our shop, or in this city. Personally, we would much prefer being back in the old days making suits at $18 per—we could make a little money then.

Just consider these facts in their true light and boost for production and then more production—and, if you are going to need a suit soon, BUY IT NOW.
